FULLERTON PLANE CRASH IS FATAL

Orange County Government Bill Signed By Governor

SHERIFF TO HAVE 4 NEW DEPUTIES

Extra Help For Assessor's Office Also Provided For Under New Measure

10 EMPLOYES ADDED

Increase in Salaries For Certain Workers Also Taken Care of In Bill

THE ORANGE COUNTY government bill, providing for certain increases in salaries, departmental budgets and personnel, has been signed by Gov. James Rolph, it was learned today.

The measure follows recommendations of the last grand jury which were approved by the board of supervisors. It makes provision for 10 new county employes; increases the budget for extra help in the office of Assessor James Sleeper; and provides for salary increases in the agricultural commissioner's office and the probation department. Salary for the chief clerk in the office of the justice of peace in Santa Ana township is fixed at $150 monthly.

Of the 10 new county employes, four are to be added to the staff of Sheriff Logan Jackson, who had requested eight additional helpers. There is to be one stenographer and office deputy at $100 monthly; one criminal deputy at $175; one deputy in the jail to supervise sanitary conditions at $150; and one deputy in the bureau of identification at $150.

Other county employes to be added to the pay roll under provisions of the act are as follows: deputy county clerk for registration of voters at $200 monthly; deputy district attorney at $2400 annually; stenographer for the district attorney's office, $100 monthly; collector for the county hospi-

Cermak Removes 2200 Names from City's Payrolls

CHICAGO, April 10.—(UP)—Anton J. Cermak's administrative broom became a scythe today as the new mayor of Chicago slashed right and left in his determination to make the city hall a "place of business" instead of the "three ring circus" he said it had been under Big Bill Thompson.

With one great sweep of executive power, Cermak slashed 2200 names from the city's payrolls on his first day in office and he indicated that another onslaught today would remove possibly 800 more.

Establishing himself quickly in the office to which he was elected Tuesday by a record majority of 194,257, Cermak began his task of "cleaning up" by ridding the city hall of every possible reminder of the Thompson administration.

TERM IS FIXED

The length of the term of Pedro Martinez, who was sentenced to San Quentin prison from Orange county in 1930, has just been determined by the board of prison directors, according to word received by County Clerk J. M. Backs from Mark E. Noon, secretary of the board. Martinez, who was received at the state institution on January 21, 1930, after conviction of a charge of burglary in the second degree, is to serve a sentence of five years.

She is the fifth honorary colonel of the army, Mary Pickford being one of the others.

MANUFACTURER KIDNAPED AND HELD FOR CASH

Wisconsin Man Disappears and Sum of $150,000 Asked of Family

ROCKFORD, Ill., April 10.—(UP)—Fred J. Blumer, 50, wealthy president of the Blumer Products company of Monroe, Wis., was reported held today by a gang of kidnapers who demanded $150,000 for his release.

Search for Blumer, who disappeared on his way to a country club meeting, extended over northern Illinois and southern Wisconsin, with Sheriff Myron West of Green county, Wisconsin, leading the hunt.

Blumer, a former brewer who turned to the manufacture of soft drinks after prohibition, last was heard of from Freeport, Ill., about 25 miles from Monroe.

Several hours after he left for the club meeting, an official of his company received a mysterious telephone call from Freeport, explaining that Blumer was being held for ransom and would not be harmed if the money was paid.

The caller asked that Blumer's wife be notified and said his car would be found in Freeport. Authorities found the car a short time later.

Frank Lucksinger, the company official who received the call, and authorities, were convinced the kidnaping was authentic when they found the car in front of the Freeport garage, exactly where the caller had said it would be found.

Blumer received a telephone call shortly before he left home. The call was from a man who represented himself as a Rockford druggist and who said he and his assistant had gone to Monroe on business and wished to see Blumer at once at the Eugene hotel.

Blumer remarked to his family before he left that he would stop at the hotel enroute to the club. He was not seen there.

It was considered likely that Blumer was being held a prisoner in Chicago as several other wealthy persons kidnaped in recent months were taken there.

RIVERSIDE OPPOSES ORANGE COUNTY WATER EXPORTATION

PRESIDENT AND MRS. HOOVER TO GO TO FUNERAL

Special Train Will Carry Couple to Cincinnati This Evening

WASHINGTON, April 10.—(UP)—Arrangements were being made today for President and Mrs. Hoover to leave on a special train tonight to attend the funeral of the late Speaker Nicholas Longworth in Cincinnati tomorrow.

Impromptu memorial services were said yesterday in the Washington cathedral, with hymns and prayers for Longworth and his family.

The official funeral party which will journey to Cincinnati will be one of the largest ever designated during a congressional recess. Besides the President and Mrs. Hoover, Vice President Curtis, and members of the cabinet, it will include 12 senators, twice the usual number, and 89 members of the house. There will also be a large number of honorary pall bearers from Washington and Ohio.

The death of Longworth has added another problem to those concerning the Republican party management as it looks toward the coming sessions of congress and the presidential campaign.

The house has been Mr. Hoover's bulwark. Now it has lost its strongest figure. Time and again, as on the issue of farm and drought relief, the house, operating under the strong control of Longworth and his assistants, upheld the president's views against a hostile senate.

The house has been dominated by a triumvirate of which Longworth was the chief figure. The other two members were John Q. Tilson of Connecticut, majority leader, and Bertram Snell of New York, chairman of the rules committee.

Dr. Stewart Young, Stanford Pioneer, Called By Death

PALO ALTO, Calif., April 10.—(UP)—Dr. Stewart W. Young, last of the "old guard" professors who came here in 1893 to open Stanford university, is dead.

Dr. Young, professor of physical chemistry and nationally known for his contributions to this field of science, died of pneumonia last night at the age of 62. He had been actively engaged in university affairs since he journeyed west with Dr. David Starr Jordan, now president emeritus.

A native of Orient, N. Y., Dr. Young graduated from Cornell in 1890, studied in Leipzig and then served as instructor at Cornell and Swarthmore. He became a full professor at Stanford in 1908.

FORM CORPORATION

Copy of the articles of incorporation of the Southern Counties Investment company, a $25,000 concern, which was filed today with County Clerk J. M. Backs, shows that H. Neagley Alleman, of Santa Ana, is a member of the board of directors. The other three members of the board are residents of Long Beach.

Longworth's Body Starts Home Today

Officials of South Carolina Town and Friends Accompany Hearse

AIKEN, S. C., April 10.—(UP)—The body of Nicholas Longworth, speaker of the house of representatives, started home to Cincinnati for burial today.

Just before 11 a. m. a simple hearse drove up to the home of Mr. and Mrs. James F. Curtis where Longworth died yesterday. The casket was moved to the hearse from the flower-banked drawing room and carried to the railway station, where it was placed within the private care of Charles Clarke.

Ten automobiles carrying members of Aiken's social colony, who had known the speaker as an annual participant in the gaieties of Aiken life, accompanied the hearse. They included Mayor B. Weathersford, Devereaux Milburn, polo player; Skiddy Van State, sportsman; Mrs. Evalyn McLean of Washington, close friend of the now widowed Alice Roosevelt Longworth; and Dr. Robert Henry Wilds, chief of physicians who attended Longworth in his last illness.

The special funeral train, chartered by the government, left Aiken at 11:36 a. m.

Thomas Hitchcock, Westbury, N. Y., polo player; Bayard Warren, Boston; Preston Davie, Tuxedo, N. Y.; J. F. Byers, Pittsburgh; J. D. Lyons, Pittsburgh, and David Gray, New York, joined other friends here as an escort while six young business men of Aiken acted as pall bearers.

As the procession passed slowly through the streets to the station citizenry stood in silence, many baring their heads as the hearse passed by.

About 400 people followed the cortege to the station.

Mrs. Longworth, garbed in black, accompanied by her brothers and other members of her immediate group, left the Curtis home just before 11:30 p. m., the time set for the departure of the train. She stepped into a large black sedan—the personal car of Mrs. Curtis—which awaited at the door. The party drove through almost deserted streets to the station.

Immediately Mrs. Longworth stepped from the car and, unassisted, walked to the private car. She entered it immediately and disappeared behind the drawn curtains.

The crowd on the platform stood in utter silence as the train began moving slowly down the track and finally vanished in the distance.

YOUNG PEOPLE PLAN SUPPORT OF DRY LAWS

National Organization to Defend 18th Amendment Forming

NEW YORK, April 10.—(UP)—A national organization of young people pledged to defend the eighteenth amendment, is in the process of formation, according to Dr. Daniel A. Poling, president of the Christian Endeavor society.

Speaking before members of the New York state women's committee for law enforcement here, Dr. Poling said a detailed plan probably will be announced in about a month after a series of conferences to be held in various universities and young peoples' societies throughout the country.

"Something pretty big is about to start," he said. "Already 800 young people are working for this movement and they include all denominations. Nothing like it has been seen in this country since the movement of young people 20 years ago which had as its slogan 'A Saloonless Nation.' It will be on the lines of the children's crusade.

"Young folk between 21 and 30 will be the backbone of the movement, because they must be voters, but in addition, they will reach out for the youngsters in colleges and high schools, and those of the same age whose economic limitations do not permit them to reach college."

ARRANGE SERVICES FOR VETERAN ACTOR

HOLLYWOOD, April 10.—(UP)—Services will be held tomorrow noon for Alfred D. Hickman, 57 a veteran stage favorite, who died of cerebral hemorrhage. His wife, Nance O'Neil, also a stage star, was with him when he died.

Christian Science rites will be read at the W. M. Strother chapel, with private burial following.

Hickman, a native of England, played for many years with David Belasco's company, creating the role of Little Billy in "Trilby." His last appearance on the stage was with his wife in "Death Takes a Holiday."

Elinor Smith Sets Altitude Record by Rising 32,500 Feet

ROOSEVELT FIELD, L. I., April 10.—(UP)—Elinor Smith, daring 19-year-old aviatrix, was unofficially credited today with having established a new altitude record for both men and women to shoot at in commercial planes.

Undaunted by a crash two weeks ago, when she lapsed into unconsciousness while five miles high and spiraled to earth, the youthful pilot took her Bellanca plane to a height of 32,500 feet.

The previous record for women was held by Ruth Nichols, who reached a ceiling of 28,743. George Haldeman climbed to an altitude of 30,453 feet to set the men's mark.

Corona City Council To Take Action

Protective Organization Is Formed and Funds Are Appropriated

A PROTECTIVE organization has been formed in Riverside county to combat exportation of water from the Corona district into Orange county, it was learned today. The Corona city council made an appropriation of $2500 at a meeting early this week to assist in financing the work of the organization.

Purchase of water by Orange county irrigation companies from wells on the ranch of Charles Lillibridge, located northeast of the Prado basin, is the factor that has led to the organization for protection of the water supply in the Corona district, it was learned. A contract has been made whereby water was pumped into the Santa Ana river for use by the irrigation companies to meet demands on the dwindling resources available in Orange county.

A protective association, similar to that organized in this county to combat efforts of Long Beach or other communities or individuals outside of the Santa Ana river basin to take water from the basin, is being organized in Riverside county, and it is reported that owners of some 5000 acres of citrus and farming lands have joined the association to which the Corona council has made the appropriation of $2500. The organization is known as the Citizens' Protective league and R. L. Willits is chairman.

Plans by the Riverside county organization call for court action in the form of a petition for an injunction to prevent taking any more water from the basin for use in Orange county, it is said. Formal protest already has been lodged with the irrigation companies, according to reports from Riverside and Corona.

SAN FRANCISCO, April 10.—(UP)—The state corporation commission hearing on the proposed revocation of Clarence Saunders' stock selling license was in adjournment today after the chain store magnate had filled the records with testimony in his own defense.

Saunders occupied the stand late yesterday, explaining step by step the expenditures in conducting his California chain of stores. He said that if the stores fail, he will lose $600,000.

SEEK CITY MANAGER

DALLAS, Tex., April 10.—(UP)—Among men under consideration by the councilmen of Dallas for the post of city manager, a position paying between $15,000 and $25,000 per year, was John N. Edy, formerly of Berkeley, Calif., who has resigned as city manager of Flint, Mich., it was stated today. The new appointee, when selected, will be Dallas' first city manager.

WILL ROGERS says:

MANAGUA (Nicaragua) April 10. (To theEditor of The Register)—The President says to Minister Hanna, I wonder what Rogers can find humorous in our pitiful plight. Well, you know these little small shakes occur quite frequently. This morning just as the reveille bugle was blowing one come and everybody jumped out of bed so now they are going to use a quake instead of reveille every morning. Here is some divine spark of relief for the anti-prohibitionists, everything in town was destroyed but the brewery, churches, schools, banks, stores, but it was an act of Providence at that for the water works were destroyed and all they had to drink was beer. The commandant sent twenty marines to protect it and with the 100 that was already there why they were able to hold it.

Even a quake has its good points. The Senate and Cabinet run out of town and haven't shown up since. What Hoover would give for the recipe.

Flew today with Maj. Mitchell, head of the air forces of the marines. Went all over the bandit country they patrol. You have to see this terrible mountainous country to see what these aviators have been up against. I could tell you for a week some of the things these aviators have done in this country.

Now they need money and they need help. The poor people just walk about dazed, but in addition to money to help feed 'em and restore some sort of roof over their heads what I think is needed worse down here is Chic Sale.

Yours,
WILL ROGERS.

MOTOR DIES WHILE 1600 FEET IN AIR

Machine Crashes Into Row of Trees After Trip From Needles, Arizona

PILOT IS UNINJURED

Man Dies From Injuries As He Completes Flight to Visit His Relatives

THOUGH THE PILOT, Carl Ableiter, of 610 North Clementine street, Anaheim, escaped with minor cuts and bruises, E. M. Ripple, 52, of Needles, was fatally injured when Ableiter's Waco plane went dead and crashed into a row of trees two miles west of Fullerton at 6 p. m. yesterday.

Ripple died this morning at the Fullerton General hospital of a skull fracture and internal injuries. The body was removed to the McAulay and Suters parlors.

Ableiter went to Needles yesterday for Ripple, who planned to visit his son-in-law and daughter, Mr. and Mrs. Claude Long, of 623 North Golden avenue, Fullerton. The ship's motor died at an altitude of 1600 feet. The pilot at first thought he could reach the Fullerton airport but strong winds prevented this, so he headed for a cleared spot. He missed the space, however, and crashed into a row of trees.

Both men were rushed to the Fullerton General hospital and the pilot was released after it was determined that his injuries were of a minor nature.

The plane, a two-seater, was badly damaged.

Mrs. Ripple arrived in Fullerton this morning. Ripple was a conductor for the Santa Fe railway at Needles. He had been interested in aviation for some time. Long is manager of the Fullerton airport.

SACRAMENTO, April 10.—(UP)—Kid McCoy's application for a pardon was before Governor Rolph today.

The famous fight champion's request, signed by his true name of Norman Selby, bore the endorsement of such prominent persons as Vice President Charles W. Curtis, Senator Hiram Johnson and Al Smith.

Selby has served six years in San Quentin for manslaughter in connection with the murder of Mrs. Theresa Moers, wealthy Los Angeles woman, when he was temporarily crazed by liquor.

The application was presented by the fighter's sister, Mrs. Jennie Selby Thomas, Los Angeles.

A STATEMENT ON THE CITY ATTORNEYSHIP

As we have written, we had determined that The Register should not editorially take sides in respect to candidates, unless some issue was involved. It seems, however, that it cannot in justice to itself, to the citizens, or to one of the candidates, refuse to speak in respect to the city attorneyship.

There is no more important office connected with the city or the county government than its attorney; the district attorney of the county or the city attorney of the city. Not only is he the legal adviser, but being a trained man, in times of stress upon public matters, because of his peculiar relationship to the particular body, like the city council or officers of the county, as the case may be, he is considerable of a guide along matters of public policy.

There are two men who are candidates for this office. We believe both are able and well-qualified attorneys, and in the election of either the people of the city will be well served. Ordinarily we would not feel that we should urge the selection of the one as against the other. But a considerable group, who are the executive officers of some of the big institutions of the city, has come out for one of these candidates, and we believe that by implication some people might consider that because of such a group being for the one that impliedly there was some weakness in the other. We want to assure the readers this is not so. We do not believe that any one who signed the letter for the one has anything against the other or believes he would not make a good public servant.

We want to assure those folks who do not know the other candidate, Mr. Clyde Downing, that there is no more able, outstanding civic leader in the city of Santa Ana that is Mr. Downing. We are saying this for those who do not know him; for those who do know him such words are unnecessary.

Mr. Downing is not a politician in any ordinary sense of that term. During a great many of the hours which many young attorneys spend building up their practice, he has spent for the public benefit, for which he has received no other return than the consciousness of helping his fellows. When the Community Chest, that has in consideration the various agencies of the city doing social service work, was anxiously looking for someone to head up its program, and was driven from man to man, and failing, it turned to Mr. Downing, and he gave of his time, and rendered a service, for two years, that was second to none of any man who has ever had charge of that work in the city.

His natural response to all things of civic benefit led to his selection as a director of the Chamber of Commerce, and then because of his outstanding ability and graciousness he was elected the president of that body and served in that capacity with success and distinction. He is a gentleman of kindly spirit, broad in his views, and participates in every cause for the upbuilding of Santa Ana. His relationships as an individual, as a man of family, as a man in the church, as a man of affairs, as a friend, as a neighbor, as one interested in the welfare not only of the city and county, but of every man, woman and child in them, are such that the city of Santa Ana would be honoring itself to select such a man for the office of city attorney.

We have had a great deal to do with political life and have seen many candidates for public office. We have never known a man of higher caliber, of finer parts, better equipped by nature and by preparation for the position which he seeks than is Clyde Downing for the office of city attorney. To know him is to like him. When the war broke out Clyde Downing enlisted, was raised from the rank of private to that of lieutenant and had reached New York on his way across when the Armistice was signed. The appeals of citizenship, personal character, ability and the sense of rewarding a man, in part, for the unselfish service of years, should appeal to the people to support Clyde Downing for this position.

SHERIFF TO HAVE 4 NEW DEPUTIES

(Continued from Page 1)

tal, $150; deputy tax collector, $125, and office deputy for Santa Ana township constables, $100.

The increase in the budget for extra help in the assessor's office amounts to $11,200 and it is anticipated that this fund will be used in securing deputies to assist in assessing real estate.

Increases in salaries as provided in the bill effect a deputy handling bacteriological work in the office of Agricultural Commissioner A. A. Brock, whose salary will be increased from $175 to $200 monthly; and two deputies in the probation department increasing the adult supervisor from $150 to $175 monthly and the stenographer from $100 to $112.50 monthly.

The measure, although duly passed by the legislature and signed by the governor, will not become effective until 90 days after adjournment of the legislature, it is said. Adjournment is not anticipated until approximately May 1, so the changes and additions in the county will not be made until about August 1, it is reported.

JOHN EDEN HURT

John E. Eden, 22, of 507 North Vine street, Anaheim, was reported injured at 6 o'clock last night at North and Dowling streets, Anaheim, when the automobile in which he was riding collided with a car operated by M. O. Lemon, of Anaheim, Route No. 3.

The man suffered cuts and bruises. He was taken to his home.

Franklin West To Talk Over Radio On City Affairs

An address dealing with the past four years of the administration of city affairs in Santa Ana will be given over KREG tonight by Franklin G. West, Santa Ana attorney. West will be heard from 8:45 to 9 p. m.

The speaker is well known in Orange county, having grown up in this city, and is a former commander of the American Legion post here.

SEEK TO CONDEMN LOT NEAR SCHOOL

Seeking to obtain possession of a house and lot which is practically in the center of the Lowell school playground, a condemnation suit was filed in superior court yesterday afternoon by the Santa Ana school district of Orange county against W. C. Heaston sr., et al.

The property is surrounded by other property that was purchased some time ago by the board of education to provide larger playground facilities at the Lowell school, which is located on South Flower street, and several attempts have been made to purchase it at its appraised value, but the owner refused the offers made, holding out for a much larger price, the complaint said.

The complaint states that permission of the city of Santa Ana has been received for purchase of the tract in question. The action was filed by District Attorney Sam L. Collins in behalf of the school district, and the matter is being handled by Deputy District Attorney W. F. Menton.

J. B. MIRANDA PLEADS GUILTY IN DEATH CASE

Three men appeared before Judge James L. Allen in connection with charges against them during the session of criminal court today. One made motion for a new trial, one entered a plea of guilty and asked probation and the third entered a plea of not guilty and will be tried late this month before a jury.

Daniel Montoya, who this week was found guilty of a statutory offense by a jury, which also recommended that he be sent to state's prison, made a motion for a new trial when he appeared before the court at the time for pronouncement of judgment. Judge Allen set April 17 as the time for hearing on the motion.

An information was filed against J. B. Miranda, whose car on April 4, near Anaheim, is alleged to have struck and killed Robert M. Charles. The information charges failure to stop and render aid. Miranda at the time of his arrest is reported to have told officers that he knew he struck a man, but that he went on home to shave before reporting the matter to authorities. He entered a plea of guilty to the charge of failure to stop and render aid, and made application for probation. The hearing was set by the court for April 24.

A ulea of not guilty was entered by Silvestre Gonzales on his arraignment on a charge of burglary. The information charges he entered a room in the Waverly hotel on North Spurgeon street here early on the morning of March 22, with intent to commit the crime of robbery. At the preliminary hearing in justice court information was presented to show he stole a dress and silk handkerchief. Gonzales will be tried by a jury on April 28.

ROBERT EDWARDS CALLED BY DEATH

Funeral services for Robert J. Edwards, 60, will be held Monday morning at 10 o'clock from the Harrell and Brown Funeral home. He passed away after an extended illness and had been brought to Santa Ana from his home in Modesto in an effort to recuperate his lost health.

He is survived by his widow, Mrs. Celia Edwards, one son, Earl S. Edwards, Mountain View, Calif., one daughter, Mrs. William Hart, Los Angeles; two brothers, C. Ernest Edwards, San Diego, and Edgar Edwards, Santa Ana, and two sisters, Mrs. Anna Clark and Mrs. Alice English, both of Santa Ana.

DAVID BELASCO TO DIRECT MRS. CARTER

LOS ANGELES, April 10.—(UP)—Mrs. Leslie Carter, American stage star, planned to return to the footlights today, under the banner of David Belasco, whose 25-year feud with the actress has been ended.

Mrs. Carter admitted today that she had been in communication with Belasco for some time, and that he had magnanimously confessed that he alone was responsible for their falling-out.

"When I was appearing under Mr. Belasco, he had set his heart on making me the greatest actress of the age," Mrs. Carter said. "Naturally, when I eloped with Lou Payne, he was a bit cut up. At the time, he refused to see me, and our 'feud' thus continued for many years."

Breaks Bottles Before Cars And Rides To Prison

A new "racket" for bumming rides from motorists along the highways was concocted near here today by Jack Cleva, 33, a hobo, but it led straight to the jail door rather than to the places Cleva wanted to go in these cars he flagged.

Cleva was reported standing at Culver's corner, on the San Diego highway, "armed" with milk bottles. He would flag a car, officers reported, and if the driver didn't seem to want to stop, Cleva would toss a milk bottle over on the pavement, breaking it in front of the car.

This is said to have happened several times, until some motorist reported the matter to John Stanton, chief of police of Tustin. Stanton rushed out to Culver's corner, arrested Cleva and brought him to Justice D. L. McCharles' court.

The judge read him a complaint charging breaking glass on the highway, found him guilty and sentenced him to serve 30 days in the county jail.

Calvin Coolidge Says . . . . .

By CALVIN COOLIDGE

NORTHAMPTON, Mass., April 10.—We cannot make any proper estimate of the present or the future without taking into consideration the natural and unconquerable impulse of human nature to improve, produce and progress. Left to itself it will find a way. A reliable publication recently stated that last year over 600 new tools were perfected to make the labor of man more effective and more expeditious. The record of new corporations organized in the state of New York for the March quarter was over 6500. That was 31 more than for the corresponding period in the previous year. A survey of industrial conditions about the metropolitan area of New York City discloses that four years ago there were 34,000 manufacturing plants with an average of 29 employes.

These accomplishments are not the result of huge aggregations of capital and great engineering skill; they represent the inherent creative energy and ingenuity of the people. This is apparent in every workshop and on every farm in the land. That is the spirit of life. Nowhere has it been so predominant as in the United States. It is a guarantee for the future.

Mears and his pilot, Vance Breese, hope to break the airplane mark of 23 days, 15 hours, eight minutes, set by Mears and Capt. C. D. B. Collier, and the record of 21 days fixed by the Graf Zeppelin. The plane has a cruising speed of 200 miles per hour and a gasoline capacity of 450 gallons.

SACRAMENTO, April 10.—(UP)—Fred Denny, Southern Pacific railroad engineer, was reported in a serious condition today from injuries received when his freight train collided with a special, carrying several officials of the line, near Crystal lake.

The collision occurred when the special was entering a siding, the freight striking the rear passenger car and derailing it. All of the officials were in a forward car and were unhurt.

Among the executives, who immediately began an investigation, were D. H. Dyer, vice president in charge of operations; F. L. Burckhalter, general manager; W. F. Turner, division engineer, and M. L. Jennings, train master.

FLIGHT POSTPONED

LONG BEACH, April 10.—(UP)—For the second time in two days, unfavorable weather conditions in the east had forced Capt. Ira Eaker, army speed pilot, to postpone his projected air dash to New York today.

Captain Eaker announced that, weather permitting, he will leave the Long Beach Municipal airport at 3:30 a. m. tomorrow, hoping to arrive in New York City within 10 hours.

ents of the bills declared they had enough votes lined up for favorable action.

Rolland A. Vandegrift, director of the state department of finance, warned that a careful investigation of the question should be made before the state is committed to the heavy cost.

In the senate, members of the San Francisco delegation had apparently run into a stone wall in attempting to gain support for their reconsideration of the vote by which the reapportionment bills of Senator J. W. McKinley, Los Angeles, were adopted Wednesday.

Senator Tallant Tubbs, San Francisco, served notice he would ask for reconsideration. Yesterday he asked for postponement for another day. Indications were today that the effort would probably not be carried through, due to the overwhelming odds against San Francisco.

Legislative strategy was again exerted in the assembly, when that body postponed until next week the taking of a final vote on the assembly reapportionment bill, originally passed by the senate as the McKinley bill, but amended in the lower house to carry the provisions of the measure by Assemblyman Edward Craig, Brea.

Folsom Prisoners Feel Better Now; Dice Champ Gone

SACRAMENTO, April 10.—(UP)—Folsom prison breathed a sigh of relief today, for Daniel Giovani, the prison's champion "crap shooter," departed.

The cleverest criminals in all California had fallen before Dan and his magic art with the "galloping dominoes." He had won their tobacco, candy, sugar and other delicacies.

And when he walked out of the iron gates, he wore the prison's best—a new suit, new shoes, shirt and necktie.

Accompanied by Frank Seidle, immigration inspector, Giovani went to San Francisco, for deportation to Italy.

"All I gotta say," said a trusty as the prisoner departed, is: "Watch out, Mussolini."

Service Topic Of Local Evangelist

"Power of Service" is the subject on which Evangelist Petticord, of Los Angeles, in charge of a special party conducting revival services at the Church of the Nazarene, Third and Bush streets, will speak tonight.

"The Wedding Garment" was the subject on which the evangelist preached last night. He declared that we are living in a day of substitutes and the great need of the church is reality. He also pointed out that the need of the hour was for men to accept the teaching of the word of God and make it the basis of their belief and practice.

Explains Stand Of Long Beach On Water Issue

Declaration that the city of Long Beach does not intend to prosecute its water resource extension program along any lines which will not meet with approval of officials of municipalities, ranchers and other citizens of Orange county, was made yesterday by City Manager C. C. Lewis, of the beach city.

This declaration was made when he was informed of the suit which had been brought in the Orange county superior court by Joseph Farnsworth, former Long Beach councilman, for an injunction to restrain Long Beach from selling bonds to finance purchase of lands in the Santa Ana river basin or further negotiations toward the purchase of water bearing lands in Orange county.

City Manager Lewis and City Attorney N. M. Reid are planning to confer immediately with members of the Long Beach board of water commissioners relative to arranging a conference with Orange county officials and ranchers concerning the matter, it is reported.

DEATHS

A WORD OF COMFORT

During your earthly pilgrimage you are a creature of time and space, and God must deal with you in terms of your individual experience.

Do not mistake the immediate for the ultimate. The anguish of parting, the loneliness and the heartache, which bear you down today, are not for always. They belong to today, which is like the shadowy narthex of a great cathedral, through which you pass into the beautiful nave with its glorious vistas, its marvelous windows and its atmosphere of abiding peace.

In a little while your highest hopes and dearest dreams are to be realized because you trudge bravely on through the perplexities of today.

SAUNDERS HELD ON CHARGE OF STEALING CAR

James W. Saunders, 19, reported to be the brother of "Racehorse" Russell Saunders, All-American quarterback for Southern California several seasons ago, was in the Orange county jail today charged with grand theft in connection with the asserted stealing of an automobile.

He was arrested at his home at 245 South Thirty-ninth street, San Diego, last night by San Diego police and turned over to Deputy Sheriff Earl Nickles, who returned the youth to Orange county.

Orange was arrested on a complaint signed by Howard Timmons, of the Orange County Automobile club, representing Harry M. Sheue, football coach at the Huntington Beach high school. Sheue's automobile was reported stolen from Huntington Beach three weeks ago.

The father of young Saunders and his brother were expected here this afternoon for a conference with the district attorney's office, in connection with the case.

PROBATION TERMS ARE ENDED TODAY

Two men who have satisfactorily met conditions of probation imposed in connection with pleas of guilty previously entered to charges against them in Orange county today were released by the court on motions by the office of District Attorney Sam L. Collins to dismiss the cases in furtherance of justice.

Both men appeared before Judge James L. Allen during the regular weekly session of criminal court, withdrew their former pleas of guilty, entered pleas of not guilty and had the cases against them dismissed by the court.

One of the men, Willard Craig, had been placed on probation for a period of 10 years by Judge R. Y. Williams in 1923. He was charged with perjury in connection with evidence given during the course of a robbery trial of another defendant, and the complaint had been signed on November 6, 1923, by Dave Wettlin.

The other defendant, Jesus Cruz, had been given probation for a two year period as a result of his plea of guilty to a charge of child stealing and contributing to the delinquency of a minor. His offense was committed on December 19, 1928, according to the records of the case. Cruz was ordered to serve one year in jail as a condition of probation.

Over 200 citrus growers attended the two meetings held yesterday. The morning meeting was held at Ross Shafer's orchard in Tustin and the afternoon meeting was held at J. J. Dwyer's orchard on Garden Grove road.

LOCATION OF WILSON, HOOVER SCHOOLS DISTURBS BALANCE OF ELEMENTARY SYSTEM HERE

Santa Ana has acquired two new elementary school buildings in the northern part of the city, the Herbert Hoover and Woodrow Wilson schools, which were erected at an approximate total cost of $176,000 including grounds.

Despite the fact that they are modern and satisfactory buildings individually they have seriously unbalanced the elementary school system and have interfered with the efficiency of other schools in their neighborhood.

This condition is due, primarily, to the location of the two schools. A contributory cause of this condition is the fact that the schools were not needed at this time in a well ordered program of development. Students in the new schools could have been taken care of in the existing schools with the addition of one or two rooms in the Jefferson building.

Some of the conditions brought about by the building of the Hoover school are the following:

It has only 102 students and each teacher there works under old country school conditions, having three classes at a time under her jurisdiction. This is a serious handicap to efficient education.

At the other extreme, there was but one student in the high sixth grade class at the beginning of last semester and a class was conducted throughout the semester for this solitary student. There were two students who presented themselves in this class. One was sent to Lincoln school but the parents of the other refused to agree to a transfer.

At the beginning of the present semester there was but one new pupil to form an entering first grade class at the Hoover school. This student had to be sent home to await the time when there would be enough students to form a beginning class.

The Good Government and Economy league recently made a statement that the board of education had ignored recommendations made in an educational survey here by experts from the University of Southern California.

This report outlined a school building program based on a scientific study. It accepted the modern policy of locating schools so that each student in a given school would walk not more than one-half mile. In other words the school would be located in the center of an imaginary square, the diagonal of which would be one mile.

The report did recommend construction of a school near Santa Clara and French streets. But this recommendation was contingent upon the abandonment of the Lincoln school in the same vicinity. Parents whose children attended this school protested against its abandonment and it was retained. But the Hoover school was built just the same. Thus the area from which the Hoover school draws its students overlaps on the Lincoln area. The Lincoln area, in turn, overlaps on the Jefferson and Roosevelt areas. And so the Hoover school, instead of adding to the good balance of the system, actually has disturbed it and placed itself in competition with other schools for students.

The report showed the need for a new school on a site already owned by the district near Edinger and Van Ness streets. This school was not built. But a second school was erected in the northern part of the city, the Woodrow Wilson school. This school was not recommended by the report, except as it was suggested for eventual construction, only after the Franklin school had been abandoned, which probably will not be for a considerable time.

The report pointed out how the older elementary school areas overlapped already, creating an undesirable situation. But the new Wilson school, instead of changing this situation, aggravated it. For its area overlaps on the areas of the Franklin and Jefferson schools. The Franklin area, in turn, already overlapped on the McKinley and Artesia school areas, which was one of the reasons for the suggestion that it ultimately be abandoned.

Two schools have been built in the northern part of the city. The school recommended for the southern portion of Santa Ana on a site already owned by the school district, has not been built.

But it has been planned to erect a third school in the northern part of the town. This school would replace the present Jefferson school, but as yet no site has been secured.

At a meeting of the board of education the location of this school was considered. Two petitions came before the board. One, signed by over 600 school patrons, requested that the present location of the Jefferson school be retained. The other, signed by 125 school patrons, requested a new location. At this meeting the board proceeded to consider a new location after both petitions had been presented.

The Hoover school, with a capacity of 430 students, has had an average daily attendance of 105.1 students. It got 102 of its students from the Lincoln school, leaving that building with 201.6 students in average daily attendance, on February 27, 1931.

The Wilson school has had an average daily attendance of 249 and a capacity of 390. It took 80 students from Franklin, 90 from McKinley and 102 from Jefferson schools. It left the Jefferson school with a average daily attendance of 177, the Franklin with 254 and the McKinley with 371.

Creation of such conditions is bound to have a reaction on the cost to the taxpayers in educating students in the schools affected. In another article this situation will be pointed out.

PLAINTIFFS GET $400 IN DAMAGES

A verdict of $400 damages for the plaintiff was brought in by the jury in Judge James L. Allen's court at 9:18 o'clock last night, bringing to a close the $20,000 damage suit filed by Leon Graves against C. R. and Clara P. McClure.

The plaintiff, who is 14 years old, was injured in a collision between a motorcycle he was riding and a car driven by McClure, suffering fractures of the shoulder, leg and ankle. The crash occurred in Brea several months ago.

And now—it's barber poles.

CAMPAIGN FACTS ARE ANNOUNCED

The Register yesterday announced a policy of no more open forum letters or public statements in the news columns on politics other than straight news.

However, there have been some things reaching the desk which should be known and briefly they are these:

The Law Enforcement league wishes it understood that it is not the Good Government and Economy league, and is not endorsing candidates.

J. Woodson Anderson desires it to be known that he is not a member of any political organization, and that he was endorsed by one without his suggestion.

A Word to the Voters:

Men who are the candidates of cliques or factions are under obligations to the cliques or factions. Men who seek and obtain their election from the people alone are in a position to give the people and all the public the consideration they deserve. Do not forget this.

TO THE VOTERS OF SANTA ANA:

Herewith the Good Government and Economy League presents its final recommendations to you for your consideration at the polls on Monday. Our endorsement is given freely and independently, and without consultation with candidates. The only desire is to aid voters to attain better government, more economical and sensible business management, and better protection for our homes, businesses, and families.

None of these candidates are members of the League, and none have made any promises except to use their own independent judgment in the conduct of the various offices in behalf of a clean, sensible, and business-like administration. This League represents the mass of the public, and believes the above recommended candidates do also, and come nearest to offering the kind of government the public wants.

Where there are more than two candidates for the same office, such as trustee in the First, Second and Third wards, it is recommended that voters concentrate their support on the League's choice, regardless of any individual preferences, in order not to scatter votes and perhaps permit the election by a minority of those favorable to the present administration.

Since Messrs. Hays and Youel publicly repudiated the views of the League regarding business administration of the schools in the Register yesterday, and apparently therefore do not stand for an economy and retrenchment program, the entire question of school board endorsements was re-opened and a revised list recommended to you. This list, as shown above, includes an accountant, a lawyer, an engineer, a physician, and a businessman, who together should make a good unit in handling Santa Ana school affairs.

When the League was formed, it was felt the school district was being handled in good shape, and the intention was to devote our entire attention to the municipal government and the many changes believed necessary in it. But the school board spends much more money each year than the city, it was learned, and in behalf of local taxpayers it was found necessary to go into school matters somewhat. It is significant that while our report regarding the schools was given prominent publicity in The Register, the report on the city government was refused publication.

Our committee report on municipal affairs, which thousands of taxpayers have been awaiting, was submitted to the Register yesterday as news matter, but was refused publication except at the political advertising rate of $1.50 per inch. We haven't the money for such publication, but will devise some other method of getting this important information to you before election day, providing sufficient funds are available.

Sincerely yours,

GOOD GOVERNMENT AND ECONOMY LEAGUE

WAYNE GOBLE, Publicity Director.

C. D. SWANNER STATES FACTS ON CANDIDACY

Charles D. Swanner, city attorney and candidate to succeed himself to this office, today issued the following statement:

"I have tried to present my candidacy to the voters in a straightforward manner. They are entitled to whatever information they want in order to reach a decision as to how they will vote. As to my own qualifications, I feel that I'd rather let my work in the office for the past four years speak for me. I have made it a definite policy to do all my work carefully and promptly. When the city council has directed that an ordinance be drawn I have made it my business to have that ordinance ready for the next meeting of the council. When proceedings have been ordered, I have carried those proceedings through with dispatch.

"As I see my work, it is my duty to attend to the legal duties of the city's attorney with speed and with extreme care. If I am re-elected, I shall give whatever council the voters selects the very best service possible under the law. That holds good for my relations to all of the city officials and city departments, whether as legal advisor or as prosecuting attorney.

"For the information of those who may not know and who care to be informed upon these points, I present the following facts: I was born in Santa Ana, the son of John Swanner and Irva Williams Swanner. I went through the Santa Ana schools, graduating from Santa Ana High school in 1912. I was graduated from the law school of the University of Southern California in 1915 and was admitted to practice immediately thereafter. Since then I have practiced law continuously in Santa Ana excepting for a period of two years when I was in the United States army. I served as city attorney of Seal Beach for four years and city attorney of San Clemente during the period of its incorporation and thereafter for 15 months. I became city attorney of Santa Ana in December, 1926. The next year I was elected for the four year term now ending."

ENTERTAINMENT IS PLAN OF VETERANS

A benefit entertainment, the proceeds from which are to be used to defray the expenses of the drill team and drum corps of the Santa Ana camp of the United Spanish War Veterans to the national convention, will be offered next Tuesday night at the K. of C. hall.

Under the management of Mrs. Sherman Glaze, Mrs. James Randell and Frank Rowe, business manager of the drill team, it is promised this will be a high class entertainment.

In addition to exhibitions by the drill team, there will be served one of the dinners prepared by the ladies of the drill team. In view of the fact that this team has won first prize at the last three national conventions of Spanish war veterans, any exhibition given by its members is expected to be of a high caliber.

Tickets of admission to the affair will include the dinner.

Spring Grid Drill On At Notre Dame

SOUTH BEND, Ind., April 10.—Spring football practice was resumed at Notre Dame today under the direction of Coaches Heartly (Hunk) Anderson and Jack Chevigny, assistants to the late Knute Rockne. The practice will continue the rest of the month.

Suggestions to call off spring practice because of the death of the late Notre Dame coach were vetoed by Mrs. Rockne and school officials.

Local Postal Receipts Show Increase

Postal receipts for the first three quarters of the current year total $135,525, a gain of 1766 over the first three quarters of 1930, it was revealed today by postal authorities.

A large gain is expected to be shown in the receipts this last quarter, as all of the election mail will be figured in on the total. The gains for the first of this month indicate that this month will surpass last month's receipts by a large margin.

POUND TO USE GAS METHOD IN KILLING DOGS

Now the denizens of the canine world of Santa Ana will be provided with a more merciful way out when they come to that point where they are forced to face the inevitable. No longer will they be shot in cold blood.

Henceforth they will lapse simply into a peaceful sleep, for at the city dog pound has been installed the latest device for humane ending of useless animal lives—a lethal gas chamber, in which as many as six dogs can die peacefully at one time in the midst of a jolly play. Cyanide gas does the work, and, in the initial try-out of the equipment this morning, it required exactly two minutes to prepare for and to consummate the execution.

At the suggestion of the city council, a sanitary disposal vat also has been provided to dispose of the bodies of the animals quickly and with the utmost in sanitation. This is not quite a crematory, but a mixture of quick lime and certain acids proves effective in making speedy work of getting rid of the bodies.

Among those who have taken the leadership in bringing this improved method into the dog pound and who participated in the tests today are: W. H. Hamil, poundmaster; Constable Cornish Roehm, E. E. Frisby, of the county health department, and Charles D. Ocain, of the Humane society.

Ranger Talks At Farm Center Meet

F. H. Valentine, ranger in charge of the Cleveland National forest, was the featured speaker at the regular monthly meeting of the Garden Grove Farm center held last night in the Women's clubhouse there. He spoke on "The Importance of Protecting and Preserving of Brush Covered Water Sheds," and told the members of how brush covered land aided in preserving the water supply of the sheds beneath the lands.

James Sleeper, county assessor, talked on "Assessments and General Economic Conditions in the County."

Ralph Chaffee, president of the center, presided over the meeting, after which refreshments were served.

LEADER URGES STATE LEGION PREPAREDNESS

Declaring that preparedness is the best remedy for peace, State Commander "Bud" Gearhart, of the American Legion, and well known Fresno attorney, spoke to over 300 Legionnaires and invited guests at a special membership meeting of the local Legion held last night in the Legion hall.

Gearhart stated that in his opinion the most efficient method of insuring peace for the United States is to build up an army and navy that would be capable of properly protecting the nation. He also spoke of the value of membership in the Legion and lauded the efforts of the local post in increasing the membership of the organization. He declared that the most important measures adopted in the state legislature benefitting veteran organizations was due to the influence and work of the Legion.

Music during the dinner hour was provided by Norman Morgan's dance orchestra. Norman Sprowl, manager of the Fox-West Coast theaters in Santa Santa Ana, was in charge of the program and provided a Hawaiian trio as the entertainment portion of the program. Dinner was served by the Legion Auxiliary. Mystic Clayton, magician and mind reader who lives in La Habra, kept the large audience in constant good humor with his humorous patter and baffling tricks.

Nearly every candidate for city office was present at the meeting and each was introduced by Past Commander Franklin West. The ceremony was limited to the introduction of the candidates.

Hunter Leach, commander of the Santa Ana post, presided over the meeting, which was one of the largest of the kind ever sponsored by the post.

IMPROVEMENTS IN DOHENY PARK TOLD

DOHENY PARK, April 10.—The Doheny Park Chamber of Commerce held its regular monthly meeting Tuesday night, with President Lyden presiding, and about 40 members in attendance. President Lyden stated that the Petroleum Securities company had offered to furnish company engineers to survey for the sidewalks and curbs, which will be a material saving of expense when that work is done in the business section of Doheny Park. He stated also that the large sign which the company will give, to be erected at a designated point, will be received in the near future.

Chairman Herbert Kenny of the housing committee stated the matter of housing for the Mexican population would automatically take care of itself when the sewer connections were made in the town, as all dwelling places would be compelled to install proper sanitation. Kenny, who is superintendent of the Capistrano Beach Sanitation district, stated that arrangement had been made with John and Frank Forster for a site on which the disposal plant is to be constructed, and that a site had been located in Dana Point for the second unit plan. All sewage will be purified, and until such time as it is purchased for irrigation, will be run into the ocean.

Arrangements are being completed for the Goodwill tour, which the chamber of commerce will sponsor for April 16, 18 and 19. The trip will be made in busses and will embrace a journey inland with overnight stops in various towns, including Banning, Riverside and Oceanside. Representatives from various chambers of commerce will make the tour.

when made the more healthful Ben-Hur Way

You can NOW drink REAL coffee with SAFETY!

Ben-Hur Drip Coffee, made by the drip-filtration method, is a revelation. Indigestible resinous oils—present in all boiled or percolated coffee—are FILTERED OUT! These oils, together with tannic acid, accumulate in the body and cause headache, indigestion, sleeplessness and biliousness, the latter often an indication of more serious conditions. Tannic acid is reduced to a negligible amount because, by the drip method, piping-hot water passes through the coffee—no boiling! You may drink Ben-Hur Drip Coffee liberally—and with SAFETY! It more than satisfies . . . . it AGREES.

Pre-Cured

to gain unmatched flavor

"Pre-curing" is *just one more* special process-factor that helps to give Ben-Hur Drip Coffee supremely delicious and satisfying flavor.

No two varieties of green coffee of which any blend is made up are uniform in moisture content. When roasted without pre-curing, some beans are over-roasted; some are not thoroughly cooked.

Unlike other coffees, Ben-Hur Drip after blending, is kept for weeks in tanks—*pre-cured*—to equalize moisture in the green beans. Perfect roasting by the Ben-Hur method is thus scientifically simplified. Every coffee bean—equal in moisture through pre-curing—comes to the peak of its delicious roasted-in flavor at the same instant.

That is why Ben-Hur Drip never varies in enticing, full-bodied flavor—why it stands alone in comparison with any coffee in the world at any price!

Ben-Hur Drip Coffee is a Southern California product. Every can you buy helps to employ someone HERE.

FOR ANY CHILD

CHILDREN are happy and carefree by nature, so when they cry for no apparent reason any careful mother worries. No one can always guess just what is wrong but the remedy can always be the same. Good old Castoria! There's comfort in every drop of this pure vegetable preparation and not the slightest harm in its frequent use. As often as baby has a fretful spell, is feverish and cross and can't sleep, let Castoria soothe and quiet him. Sometimes it's a touch of colic. Sometimes it is constipation. Just keep Castoria handy and give freely for any of the above conditions; relief will follow promptly.

All through babyhood, Castoria is a mother's standby, and wise mothers do not change to stronger medicines as the child grows older. Just increase the dose of Castoria and keep the youngster's stomach sweet and the bowels in good order.

To be sure of getting genuine Fletcher's Castoria you should look for this signature: Chas. H. Fletcher

Margaret Lancaster will sing four groups of songs while Elizabeth Olive will be featured in two numbers by Rubinstein. A record crowd is expected to attend the concert.

Margaret Lancaster will deliver a lecture at the Social club on Saturday afternoon to which citizens of the Village are invited.

TWO PLAYS SLATED FOR LAGUNA BEACH

LAGUNA BEACH, April 9.—Two plays are scheduled for the month end, or rather for the last full week end of the month. These are both by amateur organizations and both are claimed by their directors to be of unusual merit.

Wayne Moore, director for the Little Art theater, has "Ten Nights in a Bar Room" as his revival offering. The cast has been drilling for several weeks and with special scenery and a cast which is made up largely of experienced amateurs, it promises to be up to the standard that Moore has set for his productions. The dates set are April 23, 24 and 25.

Two of these dates, April 24 and 25, are selected by the Community players, under the direction of George Dunham, for the April offering by that organization. "Hay Fever" is the lively comedy which has been selected for the Playhouse.

The cast of "Hay Fever" includes Adele Boardman, Mrs. Samuel G. Pierce, Betty Carter, Mrs. E. F. Towney, Samuel Pierce, Marshall Ford, John Minter, Oswell Leonard Jackson and Mrs. Leslie F. Kimmell. Mrs. Pierce takes the part of the mother, a former stage star, the father's role being awarded to Mr. Jackson.

NEW PLANT OF CITRUS HOUSE OPEN APRIL 16

PLACENTIA, April 10.—Formal opening of the new plant of the Placentia Co-operative Orange association has been set for April 16, it is announced today by J. F. Hixon, manager. The event will be in connection with the semi-monthly meeting of the managers of the Mutual Orange Distributors' houses and Hixon is preparing for an attendance of several hundred persons at his opening, with visitors from all of the various citrus producing districts. Refreshments will be served, with the open house from 2 p. m. to 9 p. m. Music from a stringed orchestra will enliven the evening.

The new house is on the site of the old structure, which has been occupied since 1925. It is of frame construction, with the exterior stuccoed. New investment in the building and extra equipment is $24,000, Hixon advised today, bringto $45,000 the total investment of the association. The plant is equipped with the most modern of machinery, with a capacity of 2,000 packed boxes of fruit the day. Complete Brogdex equipment is one of the features of the service.

Steady growth of the association, which is a California co-operative organization, is the reason for the improvement, Hixon said.

"This organization ended its first shipping year on October 25, 1925," the manager explained, "and in that first season we handled 22,823 packed boxes of fruit, or about 57 carloads. In 1931 we will handle 300 carloads of fruit, or an increase of nearly 500 per cent, in the seven years of our existence. Our biggest year before this was in 1929, when we shipped 251 carloads of fruit. In that year it was necessary also to enlarge the plant to care for this growth.

"The present plant, with the equipment and capacity we now have, will take care of the average growth which we may reasonably expect in the future."

Packing in the new plant will begin on May 1, Hixon said, with 90 employes in all departments at the peak of the season.

Officers of the concern are J. W. Beatty, president; W. H. Bates, vice president; V. C. Stocking, secretary. Directors are these officers with Arthur Harms and A. J. Yorker. Messrs. Beatty and Bates have served in their respective offices since the organization of the co-operative.

SAVANNA P.-T. A. ELECTS OFFICERS

HANSEN, April 10.—Officers of Savanna Parent-Teacher association were elected at the monthly meeting held at the auditorium of the school building. Mrs. R. Hylton, president; Mrs. W. E. Thompson, vice president; Mrs. Roy Rowe, secretary; Mrs. M. Nordstrom, treasurer; Mrs. W. L. Maurer, historian, and Mrs. King Rutledge, parliamentarian, were named.

Three of the teachers of the Mexican school, Mrs. Reid, principal, Mrs. Evans, intermediate, and Mrs. Jewel, primary were present with students, who gave the program for the afternoon. The sixth and seventh grades sang two-part songs and a group of five boys of the same grades sang. The third and fourth grades sang two action songs and the first and second grades gave nursery rhymes. Mrs. Reid gave a talk on Americanization.

A white elephant sale was conducted.

On the evening of April 17 the Savanna P.-T. A. will sponsor a lecture given by Harold Wahlberg, farm adviser, who will talk on his trip to Russia. Wahlberg will be accompanied by Clarence Gustlin, pianist of Santa Ana.

C. H. Brannon, extension entomologist of North Carolina State college, estimates that a single cotton boll weevil may produce 12,500,000 descendants in a single season.

"A Young Progressive with Horse Sense"

That is my slogan in this campaign as a candidate for the city council from the Second ward. It tells you briefly that I am under 40 years of age and that my training and experience have been constructive; that I am inclined to conservative opinions with regard to business.

The various issues and questions which have been put forth in this campaign would be less vital and less bitter had they been submitted to calm consideration and open discussion at their inception. After reading carefully the criticisms and records published it seems that all the average voter wants is common sense men and women in office.

You, Mr. Voter, do not want elaborate claims and promises from candidates. I will state my case briefly:

The laborer, the craftsman and the business man want a moderately progressive city. It is the keystone of their prosperity. The citizen today knows that large tax debts have been incurred during the booming years behind us and that these tax debts must be paid. Therefore future developments must be tempered with intelligent economy.

If elected it is my intention to:

1.—Check the budget and expenditures of the city closely.
2.—To observe the will of the majority in the matter of public improvements.
3.—To be willing and ready at all times to discuss public questions publicly.

Call Fiesta Meeting In Beach City

NEWPORT BEACH, April 10.—Preliminary plans for the staging of the greatest fiesta in the history of this community will be laid next Tuesday evening at the city hall, according to a bulletin issued by the Newport Harbor Chamber of Commerce today.

The chamber is sponsoring a fiesta running from September 1 to 9 this year, September 1 being the date of the 25th anniversary of the city's incorporation. As one week end, Labor day, September 7, and State Admission day, September 9, are included, it is felt that the community can stage a creditable nine-day event.

J. P. Greeley, the only director of the present chamber who resided here when the city was municipially born in 1906, is chairman of the chamber's general committee.

The public is invited to attend next Tuesday night's meeting which will be presided over by President Lester Isbell. Ideas for a nine-day program will be given.

BUILDS NEW HOME IN WEST NEWPORT

WEST NEWPORT, April 10.—Mrs. Lizzie Campbell is building a fine two-story, nine-room Spanish style stucco on the two lots she recently purchased at the corner of Thirty-first street and the Ocean front. B. Findlay is the owner's representative in the constuction of the house.

Bishop and Mrs. Louis Sanford, of Fresno, have rented their beach house at Thirty-nine street and Coast boulevard, which has just been painted and renovated inside and out, for a year to "Brother Tom" Liddecoat's Los Angeles mission for a convalescent home. Bishop and Mrs. Sanford have reserved the house for their own use for the month of July, when the bishop will resume his usual summer custom of holding services in his home every Sunday morning.

Floyd E. Clark, of Long Beach, who owns the four corner waterfront lots on Newport Island near the bridge, was down Monday looking over his property. He has some tentative plans for erecting houses on his lots.

Houses in West Newport are being rented for the summer much earlier in the season than usual. Mrs. L. C. Skeel has rented her house at 3608 Coast boulevard, facing the pool, to a Pasadena family for July and August. She has also rented the same house until June 15 to the superintendent of construction for the O. U. Miracle company.

Reasons Why You Should Vote for A. C. HASENJAEGER For CITY TRUSTEE from the Fifth Ward

He is an INDEPENDENT candidate seeking to be elected by the voters of Santa Ana.

He is well fitted and qualified for the office, and if elected he will lend every effort to give the city a just, fair and economic administration.

He has the greater part of his life's savings invested here and he is therefore vitally interested in the future welfare and success of this city and community.

He believes in a constructive program, but that every effort must tend toward conservation.

He believes that the citizens of Santa Ana must be given a chance to "catch their breath" under the heavy and burdensome load of taxes they are now carrying.

He is opposed to any added improvements under existing conditions unless after careful study and due consideration it is found to be absolutely necessary and essential.

He believes that the same prudent and careful policies that apply to a successful private business, can and should be applied to public affairs.

He is a substantial taxpayer, and therefore knows and keenly feels the problems that are so vital and close to the heart of every citizen.

INSTALMENT 5

"Look carefully at this defendant, Your Honor. You see a young woman about five feet, five inches high—normal height for a woman of her age, which imagine to be about twenty-one or twenty-two. How much do you weigh, Miss Belden?"

"A hundred and twenty-eight, Steve."

"A normal weight, Your Honor." He took the girl's hand and counted her pulse. Then he took a stethescope from his pocket, placed it against her left breast and listened. "Her pulse and heart beat normally, Your Honor, and from appearance of general good health we have no reason to suspect pulmonary trouble. Her skin is clear, soft and smooth; it is free from blemishes—another indication of good health. Her hair is fine and lustrous; not dry and lifeles, as is the case of a person of pronounced psychopathic tendencies. Her eyes are full, lambent, kindly, intelligent. Her brow is full, broad and of medium height, her head a little larger than that of the average woman, and she is broad between the ears—because, as she has brains, nature ordained that she have room for them. She is neatly dressed and decidedly not a slattern. She gives no indication of dissipation—drugs or alcohol. But mark her nose. It is a grand wreck. A nose like that would cause a continuous mental conflict in any woman.

"But for this lamentable facial defect, this girl would be beautiful. Perhaps she remembers, or used to remember herself as beautiful or attractive; then this accident occurred and lo, she became an ugly duckling. She brooded upon her misfortune; she wept over it, doubtless she thought it very hard that God should afflict her so. Doubtless the knowledge that she was an object of curiosity or derision to strangers and repugnance to her friends made of her a gloomy, depressed recluse. Who knows what wild, desperate and desolate thoughts she became a prey to? Mental conflicts undoubtedly were at work—an impulse to run away, to hide herself, countered by the natural impulse to make the best of the situation, to be brave, to pretend she was not different.

"In the case of a girl whose mind and nerves had been thus harassed over a long period, a new sorrow, constituting a definite mental shock, even if of no great magnitude, might nevertheless be sufficient to bring about the condition of dissociation of personality which I have described."

"Anything else, Dr. Burt?"

"I have given a concise and general outline of the case as it presents itself to me, Your Honor. This defendant should have treatment. It is quite possible to cure her and I am morally certain I could do so. Her saddle nose can be repaired. I have a very good friend, a specialist in plastic surgery, and I know he would be willing to help, without charge, to make a swan of this ugly duckling."

"And you think you would make her over into a responsible moral citizen?"

"I think so, Your Honor."

"How would she support herself during the period of treatment? By theft—or worse?" The judge glanced at Nance Belden. "How do you support yourself, young woman?"

"I carry my own check-book," the girl replied.

"You have a private income?"

"Sure, old thing."

"What is its source?"

"I don't know. On the first of every month somebody puts some money in the bank for me and I check against it."

"And that's all you know about it, eh?"

'Sometimes I can remember, but I can't now. It's the times I can't remember that raise hell with me, Judge. I don't know what name to sign to my checks then or I forget I have a checking account. Then I get hard up and steal."

"How truly remarkable, Miss Belden! Have you ever issued any checks that bounced back on you?"

"Say, are you trying to kid me, Whiskers?"

The judge ignored this obvious contempt of court. "I suppose you have had many sweethearts, Miss Belden.

Nance Belden's scornful laughter filled the court-room. "Oh, Judge, you're precious. What sort of a man would pick me for a sweetheart, I ask you? Be yourself, Judge. Now you tell one."

"Why not?" the judge pursued remorselessly.

"Well, maybe because nobody ever asked me," the girl assured him with simple directness. "I don't mind admitting I'd like to have a nice sweetie if I could find one, but what the hell's the use trying? I'd only have him a little while; then he'd get ashamed of me. What's the use of bothering myself? I know a blind fellow that's mad about me. I've often thought of taking the poor gazabo on for my steady sweetie, but he makes me so sad I know it wouldn't last. He has that funny staring look, and when he walks with his arms held straight out, it just breaks my heart."

"Where does he live?"

'God knows—now, I was taking care of him when I got pinched. You see, Judge, I took him to a doctor to see if something couldn't be done for his poor eyes, and the doctor said he could be cured, but it would be expensive. He'd have to go east to a very noted specialist, who would charge a lot for the operation. Well, I paid that doctor his bill and that left me short."

"Did that same doctor say anything about your nose?"

"Yes, he said he could cure that himself, and to come in when I was ready and he'd put me in a hospital. Gosh, it's some baby, isn't it, Judge?"

"How did it happen?"

"I don't know."

"You don't know anything, do you?"

"Yes, I know something."

"What is it?"

"You haven't the slightest intention of agreeing with Steve. That sheep-faced mutt, Blethen, has given you an earful. You're one of these judges that believes what he wants to believe. Steve's told you I'm nutty, but Steve's wrong. I'm not. Steve's just a good fellow trying to give the little girl a hand."

"So you believe you're quite sane?"

"Of course I am. There's nothing wrong with me except a bad memory, and a beak like the American eagle."

Stephen sighed and shook his head, seeing which, Nance crossed to his side, put her arm around his neck, and laid her cheek against his. "Steve, darling, you'd be a wonderful sweetheart," she assured him, and laughed.

"Your Honor," Stephen pleaded, "can't you see she's—"

"I can see she's as intelligent as you say she is, Doctor. In fact, she's more than that. She is very artfully simulating mental irresponsibility by attempting to spoil the good work of her expert witness. It is my conviction that Dr. Blethen was right when he told me she was the smartest, most adroit criminal type he had ever examined. I believe, with him, that she is incorrigible, and incorrigible criminals should be set apart from society."

He turned to his clerk: "I believe the sentence was two years in San Quentin penitentiary. Verify it and prepare the commitment."

"Good God," Stephen Burt cried sharply, "you are not going to commit this social outrage, Your Honor?"

The judge eyed him sourly. "Dr. Burt, you will apologize to the court for that language or I shall fine you fifty dollars for contempt of court."

Stephen Burt drew a fifty-dollar bill from his pocket-book and tossed it on the table.

"Court is adjourned," His Honor mumbled, much embarrassed.

The policeman who had brought Nance Belden into Superior Court approached her. "If you're a good girl, Nance, I'll not put the cuffs on you."

"You didn't put them on me coming here; so why should you think it necessary now?"

"You're an important prisoner now, Nance. The judge just gave you two years in San Quentin, didn't he?"

Nance Belden turned. "Did he Steve?"

The doctor nodded miserably.

"And I'll not see you any more, Steve?"

"Of course you shall, Nance. I'll come to see you from time to time, I haven't finished with you—not by a long shot, my dear. Tyrrell, you're still retained on this case."

The lawyer waved his hand hopelessly. "We're licked," he stated, without emotion. "This is one hand no lawyer can beat, and I wouldn't try." And Tyrrell shook hands with Stephen and Nance Belden, put on his hat and strode out.

"Come, girlie," the policeman suggested.

"Well," the girl declared, with an effort at nonchalance, "this is a tough break for old lady Belden, isn't it?" She smiled upon him patronizingly. "You're a good scout, Steve. Thanks a lot for all you've done and tried to do. You meant well, but at that I think the old scientific hooey has got you a bit cuckoo, too. I stood for it a while because I thought His Nibs might fall for it, but when I saw you weren't going to get to first base with the big boob I called it no contest." She thrust out her little hand. "Well—goodbye, Steve. I suppose I'm keeping you from other nuts."

She came close to him and looked up at him wistfully; so he stooped and kissed her. At once tears suffused her eyes. "You don't mind what I look like, do you, Doctor Burt? You're kind enough not to feel sorry for me."

Amazingly she had changed—slipped out of one personality into the other as one slips out of a coat. "Will you do something for me, Doctor?" she continued, and he saw that she was all nerves now. "I'm looking for a girl named Penelope. I can't remember her last name, but I do wish you'd try to find her for me, even with so little to go on."

"Where does she lives, Nance?"

"Out there, somewhere."

"You've been reading a poem, I think, Nance—a poem that runs: "And you, my sweet Penelope, out there somewhere you wait for me, With buds of roses in your hair and kisses on your mouth."

She trembled with eagerness. "Why, you know her, Doctor. That's the Penelope I'm looking for."

"Oh, if that's the Penelope, why of course I'll find her for you. Goodbye, my poor dear girl, and remember to look for me at the gate the day you're released from San Quentin."

THE TINYMITES

STORY by HAL COCHRAN — PICTURES by KNICK

REG. U. S. PAT. OFF.

When Carpy'd ridden 'bout a mile he thanked the natives, with a smile, and said, "Can all the others take a turn? I must be fair. I'm sure they'd like to ride with you. This sort of ride is something new. I'll switch with someone right now, if you folks have time to spare."

"That's quite all right," the man replied. "We're glad to let them have a ride." Then Clowny loudly cried, "I'm next!" and took kind Carpy's place. Once more the whole bunch started out. Soon Scouty let out quite a shout. "What's that ahead?" He had a puzzled look upon his face.

"Why, that's a little college spot. You'd like to see it, like as not, so we will gladly stop a while so you can roam around. It's noted for its scenery and is as pretty as can be." The cart and auto stopped and everyone jumped to the ground.

The first thing Coppy spied, right near, was a large pond. He cried, "Look here." They all walked up and gazed a bit. The Travel Man then said, "I've heard this as a sacred spot. It has real history. But we have looked here long enough. Come on, let's move ahead."

They strolled around the grounds a while and when they'd walked about a mile, one Tiny said, "Let's stop and rest. Where can we all sit down? I see no benches near at hand and I am much too tired to stand. I really will be glad when we arrive at some small town."

Then Clowny cried, "Let's rest up there! I'm sure we'll get some good, fresh air, just sitting on the little steps." He pointed to a stand that looked just like a shelter spot for folks to use when it was hot. And, as they all walked into it, wee Scouty said, "It's grand!"

Missing Letter Links

RULES

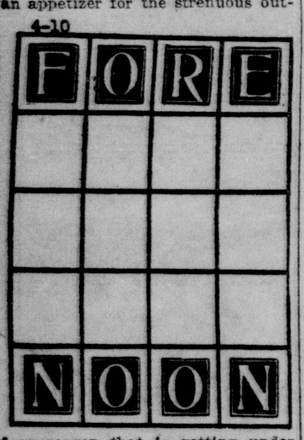

1. In playing golf on the Missing Letter Links the object is to change one word to another in a given number of strokes which is par. For example, to go from TEE to PIN in three strokes sounds hard but isn't: TEE, TIE, PIE, PIN. It's probably more difficult on a real course.

2. Change but one letter at a time and be sure the word you have used is one in good usage.

3. The order of the letters cannot be changed.

FORE to NOON—How about a short par three hole on the letter links this FORENOON? It's just an appetizer for the strenuous out-door season that is getting under full swing.

TEAM WORK

TRENTON, N. J.—Three motorcycle policemen and an airplane pilot co-operated in a relay race with death here when Elizabeth Barlow, 5, was stricken with infantile paralysis. One policeman rushed a tube of serum from a New York hospital to the New Jersey line in the Holland tunnel under the Hudson river, and a New Jersey state cop then took it and sped to a flying field. There a pilot took it and hopped off for Trenton. A messenger met him and rushed the serum to the girl in time to save her life.

Parents To Keep Check On Pupils' Work At School

After a year's interval during which monthly grade slips for pupils of Frances E. Willard Junior High school, were not sent out to parents of school pupils, H. G. Nelson, principal, and his staff of teachers have decided to resume the custom, according to announcement made today at the office of the junior high school on South Main street.

It is the opinion of the principal and teachers that parents will be better able to keep in touch with the progress of their sons and daughters by having these monthly grade slips and checking the studies in which they excel or are weak. Parents were informed that the slips would be issued on or shortly after April 17, and must be signed and returned to the school office.

Beach Plunge To Open On April 18

Y. M. C. A. WILL STAGE SUMMER CAMP REUNION

Pointing out the fact that there are literally hundreds of men and boys in and about Santa Ana who have attended the Y. M. C. A. summer camps in past years, T. P. McKee, chairman of the committee which is preparing for the great "camp reunion" to be held at the Y on April 21, called attention to the fact that this camp reunion is not intended merely for the boys of today, but for all men and boys who have ever attended the Y summer camp.

McKee's committee is hard at work on plans for a program and a barbecue which will be worth while for the big event on the 21st. They intend to stage the affair on the Y. M. C. A. playground, with barbecue dinner and a campfire program in the open, in regular camp style.

The invitation is extended to all those who attended the camp on Catalina Island years ago, as well as to those who have gone to Osceola in more recent years. Boys are premitted to bring their fathers or big brothers with them.

McKee served for seven years as boys' work secretary in the Santa Ana Y. M. C. A. and he understands how to build a program that boys like. He is aided on his committee by a number of experienced campers, and promises an evening that will inspire any camper.

Reservations are requested in advance, and men and boys who expect to be present on the evening of Tuesday, the 21st, are urged to make it known at the Y office as soon as they can do so.

BEARS INVADE L. A. TO MEET TROY TRACKMEN

With these men alone Southern California would have a fair start on the development of a championship track team. But there are many others. The picture at the top of the layout shows the Trojan lineup of sprint stars and includes, left to right, Milton Maurer, "Red" Guyer, Frank Wykoff, Les Ball, Charley Anderson, Dick Wehner and Roy Delby. Guyer is from Santa Ana, Delby from Fullerton. The Trojans meet California in the Coliseum tomorrow.

LOS ANGELES, April 10.—Bringing southward what is said to be the strongest California track team since 1923, when the Bears won their last I. C. A. A. A. A. championship, Coach Walter Christie will arrive here tomorrow morning with 33 athletes who will meet the University of Southern California Trojans at 2 p. m. in the Coliseum in the first Pacific Coast conference dual meet of the season.

Doped to start the meet with first places assured in the javelin, two-mile, pole vault and shot put, the Bears from Berkeley are expected to give the national championship Trojans a real battle from the first race to the final lap of the relay. The meet is one of the feature track and field shows of the season here, and with interest high in the cinderpath sport because of the coming of the Olympic Games to Los Angeles next year, it is expected that an unusually large crowd of fans will be present.

With the entering of Captain "Red" Mossman of the Berkeleyites in the mile as well as the

two-mile, the four-lap event is expected to be one of the best races of the day. Mossman has proved one of the greatest distance stars who ever attended U. C., but last year in the Trojan-Bear dual meet Cliff Halstead of S. C. won a surprise victory over him in the mile. The fiery-haired Bear leader is anxious to avenge that defeat, which came when the Trojan runner outsprinted him in the last 100 yards.

If Frank Wykoff gets his customary fast start in the 100-yard dash, he should lead Sparks, the Berkeley ace, to the tape in this event, but in the furlong the Bear runner is conceded a chance to defeat the Trojan star. The visitors are conceded another good chance for a first in the high hurdles in which Bondshu, Eckart and Crawford will meet Stokes, Bills and Vignolo of Southern California. All of these men have been timed at close to 15 seconds but none has beaten that mark this season.

CONKLIN PICKS CARDINALS TO WIN, BROOKLYN SECOND, CUBS THIRD IN NATIONAL FLAG RACE

By LES CONKLIN
(I. N. S. Sports Writer)

NEW YORK, April 10—"Stick with a winner" is a sound maxim. Especially when the winner happens to be a fighting ball club like the St. Louis Cardinals, who waded through the stiffest kind of opposition last year to capture the National league pennant after a gallant uphill fight. So here's picking the Cards to win the flag again this season.

With five clubs conceded a chance to be the first to the wire, the writer sees the finish as follows:

1. St Louis
2. Brooklyn
3. Chicago
4. New York
5. Pittsburgh
6. Boston
7. Philadelphia
8. Cincinnati

Last year the Cardinals nosed out the Cubs by two games; the Cubs finished three games ahead of the Giants; and the Giants had a one-game margin over Brooklyn. Pittsburgh, Boston, Cincinnati and Philadelphia finished next in order.

St. Louis had one of the finest pitching staffs in the league last season in Grimes, Hallahan, Haines, Johnson, Rhem, Lindsey and Grabowski, and this array has been augmented by two promising recruits, Derringer and Dean. They also were one of the best hitting clubs, averaging .314 as a team.

Last year Grimes did not join the club until June 15. This season he will be available at the opening gong, which may mean that he will win six or seven more games for the Red Birds than he did in 1930.

On paper, Chicago and Brooklyn added considerable strength during the winter. The Bruins acquired three experienced hurlers in Bob Smith, Jakie May and "Sugar" Sweetland, and picked up a promising minor league hurler in Ed Baecht.

Brooklyn plugged up two of the weakest spots in its lineup when O'Doul and Thompson were obtained from the Phillies. The slugging O'Doul will be worth a dozen Ike Boones in left field, and Thompson should fill the hole at second base through which a dozen ball games leaked last season.

The Cubs present several uncertainties. There is doubt whether Hornsby, at second, and Bell, at third, will last more than half the season. Charlie Grimm, whose batting fell away to .289 last season, is getting no younger at first base.

The greatest trouble with the Cubs is that Hornsby is likely to clash with his players, with team play suffering as a result. Grape vine rumors from the lair of the Bruins indicate harmony already is lacking. Hornsby denied this recently, saying in particular that he was on the best of terms with "Hack" Wilson, hitherto the leading light of the club, but in his next breath the rajah let the cat out of the bag with the remark that "he would be satisfied if Wilson would hustle."

DON NINE TO PLAY COMPTON SATURDAY

With ineligibility snarls straightened out the Santa Ana junior college baseball team travels to Compton tomorrow for its second conference game of the season against the strong Tartars. The Dons dropped their first conference encounter to Long Beach.

"Bomo" Koral, stellar pitcher, will be ready for service and Les Fulsom will go to his usual post at third base. With these two heavy batters back in the lineup, Santa Ana should fare well.

Koral seems to have more stuff on the ball than any Don pitcher for several seasons. Wilton Hilliard is another good hurler while if the need arises, Russell Sullivan can come in from the outfield to the box. Sullivan hurled against Long Beach and allowed but five hits.

Melvin Beatty is slated to play behind the log while the rest of the infield will be composed of Don Johnston, first base, Paul Wright and Dante Siracusa, second base, Charles Andres, short stop and Les Fulsom, third base. In the outfield, Coach Cook will pick between Elmer "Swede" Whisler, Emmett Seacord, Gerald Allen, Russell Sullivan and Gerald Scott.

Gilbert Judd Due For Visit In S. A.

The old days when horse racing was a major sport in Santa Ana will be recalled by old timers when Gilbert Judd, driver of the famous "Klamath," trotting horse visits this city within the next few days. Judd used to live in Santa Ana and is returning to renew old friendships. He will visit L. F. Harvey, of the post office.

"Klamath" used to run against "Silkwood" and other noted horses on the Santa Ana track that used to be near the intersection of Bristol and Edinger streets and was world famous in the '90s.

Stars Go To Colton Tonight

RIVALS OF '30 CHAMPIONSHIP SERIES BATTLE

Memories of a mid-September night when Santa Ana won the 1930 night baseball championship of Southern California will be revived when the Stars go to Colton tonight for one of their most important exhibition games.

The same teams—almost to a man—that wrestled nip and tuck through seven blistering games, with Santa Ana finally getting the decision in a great 1-0 finale, will face each other. As exhibition games go this one should be a winner.

Santa Ana will be put to its first real test of the season. So far the Stars have simply overpowered all opposition through the simple but effective expedient of hammering basehits to all sections of the lot. They have not, however, been asked to look at any very impressive pitching. Tonight they do not figure to blast line drives here, there and everywhere as they did against the pitchers of Corona and Olive.

Botts Hurls For Reds

Venn Botts, Colton's great man, will work for the American Night league champions, it is understood, because the Santa Ana-Colton game is a big benefit affair for the Colton Community Welfare fund and Manager Hubert Finlay expects to win it if it can be won. A big turnout of inland fans is anticipated. That Botts is rapid-

ly approaching his 1930 form was apparent earlier in the week when he stopped the hard-hitting Anaheim Colonists, a virtual collection of all-stars from all over Southern California, with six scattered hits. He struck out 12.

Finlay will have last year's lineup intact. Bob Stone will be behind the bat. His big brother, Jack, will be on first base with "Shorty" Stock at second, Shaddux at third and Hannegan at shortstop. Gilbert, the man who made the marvelous catch of Leavitt Daley's smash in the concluding game of the Santa Ana-Colton series, will be in left field with the clever left-hander, Thoms, in center and Bowers in right.

Good Reserve Strength

Colton's reserve strength include Rubidoux, Montgomery and Art Sorensen, pitchers; Weiser, infielder, and Bowers and Noriega, outfielders. Rubdioux, who will probably pitch for Colton when the teams meet in a return game here next Wednesday, was with Corona last summer. He is the only new man on the squad.

George Lackaye, Santa Ana's skipper, intends to pitch Joe Ochoa tonight. The former Anaheim gunner may go the whole route although the probabilities are that Lackaye will give Mearl Youel too a chance to show what he can do against high class opposition. Youel has been invincible against weaker clubs.

"Eeny" Wilcox, one of the heroes of last summer's "Little World Series," will catch whoever works on the mound. Johnny Lutz and Ed Daley probably will divide the chores at first base although Daley has a sore back and may not see action before the Riverside set-to here Monday. Leavitt Daley will be at second with either Darwin Scott or Phil Schrott at third. "Memphy" Hill is scheduled to take his old place at short, his injured knee having responded to treatment. Randolph Bell, Wayne Nelson and "Rosy" Merrill, the outfielders who have been hitting the ball robustly, will be at their usual patrols.

Bears Meet Husky Crew Tomorrow

SAN FRANCISCO, April 10.—(UP)—Fair weather, rivalry dating from 1903 and two evenly matched crews are the bright prospects for Saturday's race between the Universities of California and Washington, to be rowed over the three-mile Oakland estuary course.

Both crews have the traditions of famous oarsmen behind them. The Huskies have won national honors many times while in 1928 the Golden Bears were victors both at Poughkeepsie and in the Olympic Game races.

Last year the Washington crew defeated the blue and gold in the coast regatta, held on Lake Washington, but the Berkeley men finished ahead of the Huskies at Poughkeepsie.

SHIELDS, WOOD U. S. HOPES IN CUP NET PLAY

NEW YORK, April 10.—(UP)—The United States' slim 1931 Davis cup hopes rest squarely on the shoulders of two young New Yorkers—Sidney Wood, flaxen-haired stripling of 19, and Frank X. Shields dark-haired 20-year-old stalwart.

The two New Yorkers, newcomers to international play, have been named by the United States Lawn Tennis association as the nucleus for the Davis cup team in competition with Mexico, Canada and the South American finalist. If successful in these matches they are expected to team with George Lott and John Van Ryn, veteran cup competitors, in European competition.

Bill Tilden and Frank Hunter, Davis Cup aces of former years, have deserted amateur play and with Johnny Doeg and Wilmer Allison unavailable for foreign service, Lott and Van Ryn are the only veteran internationalists remaining for this year's play.

Allison has been named to team with Shields and Wood in the tie with Mexico, at Mexico City, May 1, 3 and 5, but is not expected to be available for the tie with Canada and the American zone finals with the South American finalist.

Doeg, 1930 outdoor champion and No. 1 ranking player, has announced that he can not take the time from his business affairs to compete in Davis cup matches, marking the first time the United States' national champion has not been included on the Davis Cup team since competition was inaugurated in 1900.

Clifford Sutter of New Orleans, Ellsworth Vines of Pasadena, Gregory Mangin of Newark and Berkeley Bell of Austin, Tex., have been named as candidates for the team and reinforcements for Woods and Shields will be picked from this group on the basis of their play in forthcoming Southern tournaments.

Pasadena Defeats Long Beach 10-9

Pasadena's unexpected 10-9 victory over Long Beach Poly at Long Beach yesterday, left San Diego and Alhambra as the only undefeated baseball teams in the Coast Preparatory league. The Bulldogs scored four times in the first inning and managed to remain ahead all the way, winning with a three-run attack in the eighth.

SAINTS DEFEAT FULLERTON IN TRACK, 74-39

Limiting Fullerton to five first places and two seconds, Coach Clyde Patton's Santa Ana high school track team closed its 1931 dual meet schedule just as it opened it two months ago—in victory. The Saints simply had too much manpower for the rival Orange county school and won just about as they pleased, 74-39.

Santa Ana's "Bees" and "Cees" were decisive winners, also, the Class B score being 84½-19½ and the Class C count 45½-31½.

The varsity meet was almost totally devoid of outstanding performances, even Joe Darracq, Fullerton's gigantic shot putter, failing to approach his earlier marks. Darracq has been spinning the 12-pound bulb around 50 feet all season but fell down to 44:6, barely beating Jim Daneri of the Santa Anans.

"Toy" Blower's unexpected victory in the 120-yard high hurdles probably was the feature. Blower has been hirdling less than a month but his improvement has been noticeable. He nosed out "Red" Kidder, previously rated the school's premier timber topper, in a 16.5 race. Kidder and Blower both have another season of track eligibility.

Tom Chapman won his first 880 of the season, Ray Cartwright, the Saints' ace in this race, being satisfied with second. Chapman's time, 2:12, indicates that he will be a big help to the team next year.

Competing for the first time in two weeks, Captain Paul Jacques of the Saints easily won the high jump at 5 feet, 8 inches.

Walt Raitt, Fullerton's sensational sophomore sprinter, was an easy winner in both 100 and 220 and McCormick was a comfortable victor in the quarter-mile. The two of them also gave the Indians the relay but all the other first places, except Darracq's in the shot, fell to the lot of Santa Anans.

100 yard dash—Raitt (F) first, Bell (SA) second, McCormick (F) third. Time, 10.4 sec.

ORANGE TRACK TEAM FAVORED IN TITLE MEET

Orange and Huntington Beach are doped to "dual meet" it out for first place in the annual Orange track and field meet at Brea tomorrow, with Tustin an outside possibility.

None of the other schools, Anaheim, Garden Grove, Brea-Olinda, Newport Harbor and San Juan Capistrano, are conceded a chance with the "Big Three."

Orange qualified 17 men at Wednesday's preliminaries and according to impartial dopesheets figure to score in the immediate neighborhood of 40 points in the finals. Huntington Beach has power in certain events and its points are considered more certain than Tustin's, so the Oilers are doped to

finish a none too warm second.

Coach Stewart White has sure points in nearly every event. His outstanding entries are Lorensen and Thompson, high jumpers; Lorensen, vaulter; Peters, broad jump; Rohrs, Smith and Goetsch, weights; McCarter, Bauer, Todd, Flippen and Welty, sprinters; Kramer, Mueller, Bills, Clark and Reed, distances; Peters, Amling, Long, and Nickel hurdlers.

Phil Newman, lanky hurdler, is Tustin's best bet. He is conceded a fine chance of setting new league records in both races. Coach Humeston's Farmers also boast good sprinters in Horton, Hamlin and Spangler; a fair high jumper in Ritner, and potential winners in the broad jump in Hind and Arundell.

Huntington Beach has a fine quarter-miler in Tinsley, a dandy weight man in Davis and good strength in most events.

Anaheim's best entry is Arthur, a sprinter, and Jungkeit, a 21-foot broad jumper. Andrew of Brea-Olinda is an 11-foot vaulter. Phipps and Darch are counted on to give Garden Grove points in the weights with Kirvan dangerous in the mile.

RIVERS WINS, REFEREE GIVES CHAVEZ DRAW

Delhi's greatest fight crowd was still mulling over an idea today: Why not run off a show sometimes without a referee?

The consensus of 2200 souls who paid $1600 to see the Orange County Athletic club's card last night was that Referee Charles Berrigan, a new one to the state boxing commission's staff, almost spoiled a record-breaking evening when he gave Zenaydo Chavez a draw with Jimmie Rivers in the stellar end of the program.

Rivers, an unlucky stiff, decisively outpointed the hard-hitting but wild-swinging Chavez.

Rivers won at least five of the eight rounds. Chavez had an edge in two, the other being even.

Decision Unpopular

Berrigan gave Chavez a draw because Rivers persisted in holding and clipping, but even these shortcomings should not have been penalized so drastically, in the opinion of all newspapermen and most of the fans who booed the decision for ten minutes.

The arena, seating 2200, was completely jammed and several hundred eager customers were turned away, proving that Orange county will, at times, still support attractive entertainment. It is doubtful whether Promoter Benny Whitman cleared much, however, in view of the low scale of prices.

In the other bouts, only incidental to the Chavez-Rivers "grudge" match, "Wild Man" Macias decisioned Franke Stevens; Bobby O'Hara outpointed Eddie Lozano; Tony Moreno easily defeated Kid Bond, and Wally Fraser knocked out Al Stanley in the third round. The show was a pippin and was enthusiastically received.

Rivers came in six pounds heavier than Chavez but the Indian really looked ten pounds up.

When the two old rivals from the amateur days climbed through the hemp it was the first time either had been in a Delhi ring in almost a year.

Rivers was a slight favorite at post-time, Chavez's well known inconsistency scaring the fans from his chances.

Rivers Suffers Eye Cut

Chavez opened up a nasty cut over Rivers' left eye with his first punch but the Indian won the round anyway. Chavez tried to score from long distance. For the most parts his timing was off and Rivers' occasional punches were sharper and cleaner.

Chavez won the second, opening a gash over Rivers' other eye with a long, sweeping right hand. The Mexican also outfought Jimmie at close range and Rivers went back to an unforgetable habit of hanging on when the going got tough.

Rivers' superior boxing sent him out in front in the third and all the rest of the way. Outside of the fifth—when Chavez managed to lower Jimmie's guard with punches to the midriff and then whip across three successive rights that stung the Fullerton welter—Rivers made Chavez appear slow and clumsy in contrast to his own clever blocking, dodging and footwork, interspersed with fine counter-punching.

The Mexican's timing and judg-

PACKED HOUSE HEARS TALK BY MISSION HEAD

ANAHEIM, April 10.—A packed house greeted "Brother Tom" Liddecoat, founder of the Midnight mission in Los Angeles, when he gave his first main address last night in a series of evangelistic meetings being held at the White Temple Methodist church. He chose "Man" as his subject, and wove an interesting and dramatic story around men who apply at this mission for aid.

The musical program was provided by Percy Olds and Bud Cranston, who sang.

The Fullerton junior college glee clubs will be the featured part of the musical program to be given at the church tonight. "Brother Tom" will speak on "The American Soldier Asleep in France" and members of Legion posts throughout the county will be special guests.

Tomorrow night Mrs. A. M. Johnson, whose husband is a partner of Death Valley Scotty, who is building a million dollar castle in Death valley, will give a lecture on Death valley.

Sunday night Liddecoat will give a lecture telling of the history of the Midnight mission, which feeds an average of 800 men every day. Madame Welma Souvagol, who is noted as a brilliant pianist, will provide the musical part of the program, with Kathleen and Ellen Collins, twins, assisting with a group of vocal duets.

STUDENTS GIVE THREE TALKS ON CONSTITUTION

FULLERTON, April 10.—Three students from the Fullerton union high school who are entered in a contest of Southern California schools Friday night in Fullerton delivered orations at the meeting of the Fullerton 20-30 club last night in McFarland's cafe.

The students appearing before the club were selected from a large group of students in the local high school to enter the contest and included James McClintock, George Schulte and Marjorie Marion. They were introduced by H. Lynn Sheller, forensics coach at the high school.

"The Twentieth Amendment, a Step Towards More Democratic Government," was the subject of the oration by McClintock, who advocated the popular nomination of presidents by the people rather than by conventions, which he declared are controlled by the party bosses.

Speaking on "John Marshall and the Constitution," George Schulte praised the work of Marshall in making intelligent interpretations which could be understood by the common people and which helped to develop and expand the powers of the federal government.

Miss Marjorie Marion, speaking on "What Our Constitution Has to Offer Toward World Peace," declared that the very principles back of the United States constitution, of individual freedom and respect for the rights of other nations, are the greatest contributions which the United States has to offer.

Les Blakesly delivered a crafts talk, telling of details of electrical work.

Announcement of the presentation of "Pigs," Fullerton union high school alumni play April 17, was made at the meeting.

LAGUNA BEACH, April 10.—S. S. McClure, former magazine publisher, will be guest of honor and speaker at the meeting of the Engineers' club of Orange county at Bird's cafe, April 17. The monthly dinner of the club will be at 7 o'clock.

McClure is to be given his choice of subject. Frank P. Gowan, Laguna Beach city engineer, is host for the club. E. P. Hapgood, city engineer of Anaheim, and E. M. Parks, assistant engineer of the same city, are president and secretary, respectively, of the club. About 50 engineers are expected to be present at the dinner, based on the usual attendance. It has been about a year since the club met in this city.

Since being in this city, Mr. McClure has spoken in a number of Orange county communities. He is preparing a series of articles on the reasons why the percentage of crime is so much greater in the United States than in other countries.

ORANGE COUNTY OFFICERS HOLD ANAHEIM MEET

A resolution to centralize the meeting place of the Orange County Peace Officers' association brought up at a meeting of the organization held Wednesday night in Legion hall, Anaheim, failed to carry and was taken under advisement for 30 days.

Another resolution that would provide that each city and community would stage benefit entertainments for insurance purposes of the association was voted down by the members.

Entertainment was provided by the Haymakers orchestra and the Moore sisters, who sing yodeling songs.

Speakers of the evening were Captain Gentry and Lieutenant Williamson, of the San Pedro division of the Los Angeles police department, who spoke on general police tactics and problems.

George Hubbard, former Santa Ana jailer who has been in the Sawtelle Veterans' hospital, was a guest at the meeting.

Dinner was served by the Anaheim Legion auxiliary.

J. A. Caldwell, former chief of police, who circulated the petitions, may take the petitions for additional signatures if he so desires.

Petitions for the recall of Mayor L. E. Proud and Councilman John Knudson have not been filed as yet.

SHRINERS PLAN GALA EVENT AT ANAHEIM CLUB

Orange county Shriners plan making April 14 a red letter day in Shrine history, when a special affair is to be given at the Concordia club at Anaheim, in honor of the visit by Illustrious Potentate Bruce H. Grigsby, and other high Shrine officials of Al Malaikah temple, Los Angeles.

A dinner and dance are scheduled for the night, with a vaudeville program mixed in between events.

As a surprise number the great band of Al Malaikah temple will accompany the Los Angeles Shrine party and provide music for the diners.

Past Potentate Kenneth Hale Gillette also will attend the affair and will bring with him the Shrine saxophone sextet which he organized and of which he is leader.

Shriners living in Anaheim, Fullerton, Santa Ana, Orange and other places in Orange county are planning to attend in large numbers. As the women are invited it is expected that a record crowd will attend this function. All business will be dispensed with at this affair, according to Noble Joseph Smith, secretary of the Orange County Shrine club.

Noble George D. Osterman of El Toro is president and Noble Frank Crooke of Fullerton is treasurer of the Shrine club.

Many officials of Al Malaikah temple are planning to make the trip to Anaheim, and these include, Chief Rabban Stanton A. Bruner, Recorder George J. Ramsey, and others.

Edgar Hampson Is Awarded Damages

Judge James L. Allen awarded damages of $1170.50 to Edgar G. Hampson at the conclusion of the trial of the damage action which Hampson had brought against J. W. Smalley, et al. The award was made on Wednesday.

The plaintiff was injured in a collision of cars driven by his wife, Lila Hampson, and the minor daughter of the defendant, at the intersection of Orangethorpe and Magnolia avenues on September 24, 1930, in which he suffered a dislocation of the left shoulder and fractures of the left arm and elbow.

He had sued for a total of $15,875.50, while the defendants asked $2910 in a cross complaint.

He is going to Tustin to discuss the social relations course of the Tustin union high school with Principal J. W. Means and will come here to talk human relations with Sumner Crosby.

Since Mr. Means' talk given at Monterey before the high school principals of the state in convention, 50 high school principals have written for more information regarding the course instituted at Tustin. A copy of Harold F. McCormick's book, "The Science of Human Relations," is being sent with the answers as a courtesy extended by Mr. McCormick, who is much interested in the course.

TWENTY-THIRTY CLUB LEADERS PLAN CAMPAIGN

Leaders in the Twenty-Thirty club announced today that all arrangements have been completed for making next week a veritable clean sweep. Starting Monday and continuing until the ensuing Saturday.

Not only is this organization sponsoring this campaign out of a spirit of civic pride, but to help provide jobs for a portion of the unemployed.

"Those of you who are enjoying a steady income can co-operate without inconvenience by joining in this movement to have all the odd jobs taken care of during the coming week," points out a bulletin issued by the 20-30 club. "The few dollars you spend in this way could not be spent more wisely, as it will mean helping to provide an honest livelihood for quite a few out of work and will naturally contribute something to the general local prosperity."

It is further urged that all those desiring men to do any odd job phone radio station KREG, it being assured that a man will be sent immediately.

Clyde L. Jenken, city engineer, has written the 20-30 club in behalf of the city council, giving the fullest approval to this civic enterprise. He gives the assurance that the city fire department will do its share by contacting owners of property which is infested with weeds.

In conjunction with the plan to clean up and paint the city in general, Clara R. Cushman, secretary of the city planning commission, is servation of trees. In a statement issued today, she deprecates the nonchalance with which trees are renewing a campaign for the conbeing chopped down constantly and she urges as a counteracting force an organized campaign not only to put a check to this practice, but to cause more trees to be planted.

She said:

"There is often justice, even necessity, in the demands for tree removal. If the right trees had been planted in the first place and in the right places, it would all be different.

"So it would seem that the remedy for this condition would be a parkway plan, so that suitable trees might be planted in the first place, in the proper way, with a proper set-back when necessary, so that in the future all this destruction and waste of time for growth might be eliminated.

"But this cannot be done without an expenditure of some funds from the city treasury, or by vote as a part of a park system, for the employment of a man with some understanding of landscaping and tree propagation. Many cities and towns in Southern California have started and are carrying out parkway planting schemes. Anaheim is the town in Orange county which is being cited throughout the state as an example of what can be done in an economical manner along this line.

"Santa Ana, as yet, has had no funds available for this purpose. Under the direction of the engineering department, the city council has started a nursery of its own without expense, in a small way, and is propagating sufficient cocas plumosis and flowering eucalypti to plant when sufficiently matured, on Santa Ana boulevard, thus insuring for the city an avenue leading into the city which will invite the stranger by its beauty. But all trees and parkways after planting demand care, and not many public trees can thus be treated without a special employe devoted to this one purpose.

'I'n the meantime, slowly and surely the beautiful old trees on South Main, North Main, Third between Birch and Broadway, and others, have been sacrificed before the onward march of business progress. "We love trees, but——" Many more will go soon. Do they, or do they not belong there permanently—these old trees? If they do not, what trees, if any, shall take their place? Do trees of any kind belong in business zones? Some say yes, some say no—but more and more cities are saying yes, only they must be suitable and proper trees. Is money spent for a parkway planting plan, well spent? Some say yes, some say no. At present in Santa Ana, the sentiment seems to be no. That is, the general voting sentiment. Such a plan is actually a part of a city park plan, and when the people get ready to vote bonds for parks, a parkway plan should be included in the project."

PROCLAMATION

The National Clean Up and Paint Up campaign has resulted in many advantages to community life throughout the United States,

In safeguarding health;
In promoting thrift;
In furthering fire prevention;
In stimulating civic pride; and
In making the home and city beautiful.

Now, Therefore, Be It Known, that plans have been perfected for a thorough Clean Up and Paint Up campaign in the city of Santa Ana, beginning April 13. This date to mark the opening of a real campaign of persistent and constructive effort in cleaning up and keeping it up. In this worthy movement of cleaning, painting, planting, repairing and general rehabilitation and beautification we urge each citizen to do his or her best part to make our community clean, healthy, thrifty, safe and beautiful.

Signed, F. L. PURINTON, Mayor.

DR. BRIGGS TO PRESENT FACTS ON PROHIBITION

One of the leading figures in the prohibition movement in the United States will speak in Santa Ana next Sunday, when Dr. A. H. Briggs, state superintendent of the California Anti-Saloon league, will be the guest speaker at the morning service of the First Baptist church.

Through past service and experience Dr. Briggs is regarded as being especially qualified to discuss the subject of prohibition. For years he has occupied a position of leadership in the crusade for a dry country and is now in the thick of the fight for better enforcement.

Exceptionally intimate knowledge of conditions surrounding prohibition has been gained by Dr. Briggs through his work as superintendent of the Anti-Saloon league for northern California, later followed by his present position as state superintendent; editor of the Liberator; member of the executive committee of the national organization of the Anti-Saloon league; and member of the committee of 16, representing 33 dry organizations, which is conserving the results of the great conference on prohibition problems which was held in Washington, D. C., last December.

In commenting on the event today, the Rev. Harry Evan Owings, pastor of the church where Dr. Briggs will speak, made the following statement:

"It never was more important than now to possess accurate information regarding the theory and effectiveness of the Eighteenth amendment. Excessive wet propaganda makes this difficult for the average citizen. To those desiring to know the truth about prohibition, this address will be of great value."

The public is invited to hear the message of Dr. Briggs.

ANCIENT PITCHER
By NEA Service

BIG SPRINGS, Tex., April 10.—If little pitchers had big ears, what a romantic story of the Old South would have been heard by a tiny hand-cut glass receptacle that has survived five generations in the illustrious Byrd family of Virginia and which is now in the possession of Mrs. Earl Phillips, a Byrd descendant, of this city. The pitcher that has come through so many years without even a crack is from "Westover," original Virginia home of the Byrd family, which gave to the world a governor and a famous explorer and adventurer.

Officers Locate Booze Apparatus

A 30 gallon capacity whiskey still, which had not been assembled, was discovered recently by sheriff's officers in a Mexican's quarters near Walker road and Orangethorpe avenue according to a report filed at the sheriff's office. No arrest was made.

The officers were searching for a Mexican wanted on a felony warrant when they discovered the still, it was said.

BISHOP CAMP FOR BOYS ESTABLISHED

Announcement of the formation of the Bishop Camp for Boys was made today by Mrs. Vern Bishop, 315 North Main street. The camp is located at Oakzanita, on the Cuyamaca highway, five miles from the state highway at Ryans corner, in San Diego county. The camp proper consists of 100 acres of playground among giant live oaks and brooks.

The camp is but nine miles from the Cuyamaca mountains at an elevation of 4000 feet, and is but 40 miles from San Diego. The recreation hall of the main building is equipped with a radio, piano and phonograph. The dining room and kitchen are in the same building and the dormitories are separate buildings surrounding the larger building.

According to Mrs. Bishop, who is the resident director of the camp, each group of seven boys will be in charge of a trained counselor who will provide competitive games, outdoor hikes and other features for the benefit and amusement of the boys. A trained nurse will be in attendance at all times and will supervise the menus.

Patrons and patronesses of the camp include some of the best known citizens of Orange and surrounding counties.

EFFICIENT, FEARLESS AND ALWAYS HONEST

The faith of the people of Orange County and of Santa Ana in J. L. McBride has been demonstrated many times.

He will fight for what he thinks is right, and he is just about always right!

Statement by McBride: "If I am re-elected, I'll attend to the job. I am a heavy taxpayer, and see public business from the taxpayer's point of view."

McBride has been county surveyor, county superintendent of highways, president of the Santa Ana board of education, and, for four years city trustee. He is honest, capable and experienced. He is the kind of man Santa Ana will need on the city council the next four years.

To The Voters:

It has come to my attention that some misguided persons are stating both directly, and by innuendo, that I am in some way connected with what is known as the Good Government and Economy League. I want everybody to know that I am not connected in any way, or in the slightest manner, with this League. I have not contributed a dollar to its support, and I do not know of anyone who has.

I have, however, looked into the financial affairs of the school system, and the acts of the present board of education. My investigations lead me to believe that there has been mismanagement and waste in the conduct of the business affairs of our school system, and I believe it not only the right of any citizen, but the duty of any citizen who knows of mismanagement and waste on the part of any public board, to call it to the attention of the voters, because I have such faith in the public that I know that when they are informed they will correct abuses. Whether I am elected on the school board or not is not so important, but that a new board should be elected at this time is of very great importance to the city and the schools.

Furthermore, I have read with interest the first statement made by Mr. Cranston. I took that statement at its face value, and made up my mind that he was sincere, and that he did not wish to become a candidate to succeed himself.

FLOWER SHOW PROGRAMS ADD INTEREST TO EBELL DISPLAY

Anticipations for tonight's fashion revue and musical entertainment at the annual Ebell Spring Flower show, have been considerably increased since the delightful entertainment which the clubwomen presented last night as the evening feature of their flower show. There was a large crowd of interested guests assembled for the opening of the clubhouse doors at 4 o'clock, and this crowd was constantly augmented until the opening number of the formal program saw a comfortably filled auditorium, awaiting the pleasing numbers. The beautiful display of flowers seemed to put everyone in a receptive frame of mind, so that the various program features were received with enthusiasm from the graceful dance chorus in which Evelyn Vee Gaylord presented talented pupils, to the last sweet strains of the Santa Ana trio, closing the entertainment.

Two tiny girls seemed to be the star performers of the evening however, small Marilyn Hamil with her childish dignity, who played "Peter Peter" by Mokrezs, as a piano solo, followed by a duet played with Miss Maurie Hamil, and cunning little Betty Blossom Goble, who sang, gave an amusing child reading, and danced "The Sidewalks of New York."

Appearing in girlish white sports clothes, the eight young Huntington Beach high school students who formed the Girls' Octet, gave two beautiful numbers, "Bowl of Roses" and "The Wind's in the South," directed by Mrs. Ruth Harlow. All musical numbers were on the general theme of Nature, and made the program one of unusual interest. The Santa Ana High School Girls' chorus made a favorable impression indeed, the members in their pretty white frocks with scarlet shoulder capes, and with their well-trained young voices. They sang "The Serenade," "The Tulip," and the amusing "To a Humming Bird."

Costa Mesa Chorus

Of outstanding interest among vocal groups, was the appearance of the Costa Mesa Women's club chorus, an informal organization effected by the Mesa club members who have an innate love for music, and who sang delightfully, such numbers as "A May Morning," "The Mocking Bird" and "Costa Mesa Near the Sea," original words to the lovely old air of "Juanita." Mrs. McKinzie took solo parts and directed, and Mrs. Harry Schick whistled lyrical obbligatoes to the songs.

The Santa Ana trio, composed of Miss Ruth Armstrong, pianist, Edward H. Burns, 'cellist, and George Evans, violinist, and noted as one of the county's outstanding musical organizations, gave two different groups of rare beauty, "To Spring" by Grieg; MacDowell's "To a Wild Rose," and Nevin's "Narcissus" for the first. "The Swan" by Saint-Saens; "The Mill" by Rolfe, and "Ecstase" by Grun, for the second, closing their group and the program, with an equally pleasing encore number, faultlessly rendered.

Graceful Dances

Added to these musical features were the clever dances, both chorus and solo, by graceful young girls of the city. Miss Louise Goble gave an intricate tap dance and a pretty ballet; Miss Carrie Kimball's toe dance was a marvel of dexterity and Miss Louise Holdsworth presented an acrobatic dance that was amazing in its convolutions and grace.

Tonight's program beginning at 7:15 o'clock, will feature first the Very Small People with their own fashion revue and their pretty dances arranged by the Visel studios co-operating with various merchants of the city. At 8 o'clock will come the adult Fashion Revue, in which a group of pretty girls and well known young men will participate in addition to soloists and dancers from the Visel studios. The whole affair will be given a musical setting by the piano, banjo and saxophone trio furnished through the courtesy of the Elks' lodge.

Hats and frocks for sports, outing, traveling and formal afternoon and evening affairs will be modeled by the bevy of charming girls, Virginia Berry, Alice Majors, Beth Westcott, Anne Tarver, Louise Walker, Margaret Huber and Marian Loerch, who will wear the smart garments furnished by various stores dealing in women's wear, the equally clever footwear furnished by Watkins Bootery, and hats from one of the popular hat shops of the city. The girls will have their make-up superintended by an expert furnished by the Santa Ana Drug company, using the well known Doraldina cosmetics.

Men's Style Hints

Men's apparel will be shown from Vandermast Inc., and will be modeled by Messrs. Richard Ewert, Allen Kidder, Frank Humphrey, Henry Walker, Riley Huber, Eddie Farnsworth and Dr. Karl Loerch.

Student ensembles for youths of 13 to 18 will be shown by Billy Flood and Charles Spicer. Young men's college attire, wear for active participation in such sports as golf, tennis, riding, swimming and side issues of morning and traveling as well as "sports spectators," will be presented by this popular store, while special interest will attach to the ensembles for street and business wear.

Formal afternoon wear, informal and formal evening clothes, and men's wear for summer club dances and similar semi-formal affairs will be featured also. The Vandermast Boys' shop will have prominent place in the juniors' program, and small boys from the Claire Cotant Dancing school, will vie with the little daughters of Ebell members in adding interest to this hour on the program.

The little girls will include Barbara Lambert, Lucille Lambert, Marjorie Mize, Helen Mitchell, Betty Jane Ward and other young pupils of Holly Lash Visel, while the lads will be Jerry Howard, Earl Cantley, Don Honer, Dick Honer, Monte McFadden, Bobby Ball, Ronald Marsile, Millard Foster, Billy Lineberg, Henry Segerstrom, Bobby Shanks, Bobby Waite, Thomas Carl Sutton and Robert Gillette.

Calumpit Camp and Auxiliary Enjoy Canyon Picnic

Motoring to Trabuco canyon on Wednesday, nearly half a hundred members and guests of Calumpit camp and auxiliary, U. S. W. V., enjoyed the hospitality of Mr. and Mrs. Frank Rowe's mountain cabin, accepting an invitation cordially extended by their hosts at Tuesday night's meeting of the two patriotic orders.

The towering cliffs surrounding the little canyon home, the great trees that cast their shade so pleasantly, and the rippling music of the stream, provided a setting that could scarcely be surpassed in nature's beauty spots, and offered an irresistible lure to the guests to engage in hiking trips during the afternoon. A few of the women had their needlework, and from time to time would pause in their survey of the canyon's spring-time charm, to put in a few stitches, but there was no great amount of sewing accomplished.

The luncheon hour was thoroughly enjoyable, for added to the contents of well-filled picnic baskets were the juicy steaks broiled over the out-door grill, the hot coffee and the strawberry shortcake provided by Mrs. Rowe and her hostess committee.

Calumpit auxiliary members present were the president, Mrs. Elizabeth Erickson; Mrs. Louella Randel, committee chairman; Estelle Dresser, Cora Graham, Katherine Reagan, Elvira Kurtz, Laura DuBois, Anna Patmor, Mary Cooper, Alice Gay, Marie Lindquist, Maude Brown, Emma Kellogg, Anna M. Springer, Odella Markwalder, Bertha E. Helmer, Mabel Sands, Rena Wheeler, Clo Showalter, Bess Moberly, Jane Winter, Lulu B. Chatlain, May Glaze and Lillian M. Hubbard; while guests were C. Lindquist, F. Gay, H. H. Hall, Geo. E. Hubbard, Chas. Winter, Sherman Glaze, M. C. Cooper, John Markwalder, H. C. Moberly, B. Brown, Mr. and Mrs. C. B. King, Mrs. Fannie Bippus of Chicago, Harvey George Senesio, Edna L. Hannah of Hollywood, and Elizabeth Schmitt.

Tuesday night's meeting in K. C. hall was well attended, and enthusiasm was shown over the auxiliary program of charity, patriotism and kindred activities outlined for the coming months. Mrs. Hawley, formerly of Red Bluff, was received into membership by transfer.

During the summer months, both Calumpit camp and auxiliary will hold their semi-monthly meetings in K. C. hall at 8 o'clock rather than the hour of 7:30 which prevails during the winter months.

Gym Class Members Hold Picnic at Irvine Park

So successful are the monthly picnics held by members and friends of the Tuesday morning gym class that three generations of a family, the grandmother, her daughter and the latter's children are often present to share in the informal pleasures of the day, and Tuesday's picnic held in Irvine park was no exception to the usual enjoyable gathering. Mrs. Edna Machander, her daughter, Mrs. Frank Latham, and the latter's children, Uretta-May and Avonelle, were among those present.

Preceding their departure for the park, a regular gym class meeting was held in the Y. M. C. A. Adjourning to their destination, members of the class enjoyed a short hike. A tempting luncheon was then served, followed by an afternoon of hiking and games.

Those present were Mesdames Anna Vogel, Essie Allen, H. L. Woodruff, F. H. Harrison, E. L. Price, Ray H. Snyder, Frank Latham and children, Uretta-May and Avonelle, Harry Gardner, Mary Fey, Irvin Livinspire, Edna Machander, Cynthia Davis and R. R. Russick.

Members of the class are planning to make a trip to Camp Emma Otis Tuesday, April 14.

The public is invited to attend, and a silver offering will be taken.

PATENTED PROCESS BRINGS OUT FINER FLAVOR IN COFFEE

Controlled Roasting Gives Hills Bros. Coffee Flavor No Other Coffee Has

As everybody knows, the flavor of coffee varies according to the way it is brewed. Especially disappointing is the result when coffee stays on the fire too long or is taken off too soon.

Similar unsatisfactory results can occur in the roasting of coffee. If the blend is roasted too long or not enough there is a noticeable difference in flavor between the two lots. Even with watchful care such variation is exceedingly difficult to prevent when coffee is roasted in large quantities.

Realizing this, Hills Bros. originated and patented a continuous process which roasts coffee a few pounds at a time, instead of in bulk. The quantity of coffee passing into the roaster does not vary. The speed of operation and the temperature remain the same with the result that Hills Bros. Coffee is absolutely uniform and has a flavor no other coffee has.

Hills Bros. Coffee never "goes stale" because it is packed in vacuum. By this process air, which destroys the flavor of coffee, is taken from the can and kept out. Ordinary cans, even if air-tight, do not keep coffee fresh. Ask for Hills Bros. Coffee by name and look for the Arab—the trade-mark—on the can. Sold by grocers everywhere.

The MIXING BOWL by ANN MEREDITH

Try These Sandwiches

We had a juvenile dancing party at our house one night not long ago, and, of course, "eats" were very much in demand, with quantity quite as important as quality, as I found to my consternation. The delicate little asparagus roll sandwiches were disappearing like smoke and appetites were still clamoring for more sandwiches!

In the immortal words of Hashimura Togo, it was "what to do?" The ice box yielded a quarter-pound of sliced smoked beef, a jar of pimiento cheese and some mayonnaise. The breadbox had a whole loaf of bread, praise be! So-o-o-o, I did this.

With a sharp knife the crusts were cut off the entire loaf and it was cut into thin slices, the long way of the loaf. The pimiento cheese was mashed and mixed to a soft cream with mayonnaise and this was used to spread alternate slices. On the other slices was spread a thin film of mayonnaise, covered with two paper-thin smoked beef. Cheese and smoked beef slices were matched up and pressed together, quickly toasted, cut into small oblong sandwiches, (4 to a large slice and the success of the party was thus assured.

Try this sandwich combination for grown-ups some evening. They are sum'shus! Different! Easy to make!

TODAY'S RECIPE
MILCHIG
(Jewish Vegetable Soup)

1 tablespoon butter
1-2 cup chopped onion
2 cups fine cut cabbage
1-2 cup diced carrot
1 leek, or 4 green onions
1 tablespoon chopped green pepper
1 tablespoon chopped celery
1 medium sized potato, diced
1 large fresh tomato
1 1-2 quarts boiling water
Salt, pepper and paprika
Pinch of thyme
2 tablespoons flour
1-4 cup cold milk

Fry the chopped onion in butter until brown, add to it the hot water, cabbage, carrots, leek or green onions, green pepper and celery. Boil hard for ten minutes, then simmer for 1 hour with kettle uncovered. After an hour's cooking add the diced potato and tomato and continue the cooking for another hour. Blend the flour in the cold milk and stir into the soup to thicken slightly.

* * *

This soup will serve six people very generously (water content must be supplied to keep up the 1 1-2 quarts in recipe). The calory total for the soup runs to a mere 750, and while not too hefty on the fats it is top-hefty with vitamins and those mineral elements our systems seem to crave after a winter of heavy concentrated foods.

JOANE GAYLORD SEEN IN WEST COAST VODVIL

Direct from the Paramount theater in San Francisco where she has appeared for the past three months, Joane Gaylord, beautiful little musical comedy star and film actress will headline the Fox West Coast theater vaudeville program over the week end.

Formerly in "Mary Malone," "Twinkletoes," and "I'll Leave It To You," Miss Gaylord also was the leading lady in the stage play "Come On Red," starring Red Grange, and also played the lead in "Red Heads," featuring Charles Skelly and Nat Carr. She also was seen in the Metro-Goldwyn-Mayer production, "So This Is College" which played Santa Ana several months ago.

In her act here this week, Miss Gaylord sings several numbers which she wrote for herself and is seen in a series of dance numbers.

Norman Sprowl, Fox theater manager also announced that Miss Gaylord would be seen in the fashion revue, which is being shown at thetheater over the week end in connection with the vaudeville and with the feature picture "Men on Call," starring Edmund Lowe.

"FATHER'S SON" AT WEST COAST ON TODAY ONLY

Is there a father in Santa Ana who understands his young son?

When the boy robs birds' nests, and goes out of the yard when he is told to stay inside, as punishment, does the father understand?

The question and answer is to be seen in "Father's Son," the First National-Vitaphone production which will be seen at the Fox West Coast theater today only.

Endorsed both by Prof. J. A. Cranston and Ray Adkinson, superintendent of county schools, as the ideal picture a father should take his son to see, the film is expected to draw an unusually large audience of fathers and sons to the theater this afternoon and tonight.

There is much comedy in the picture as well as a moral which every father should know. Then there is the boy's side of the film too.

It is the story of a youth who just can't live up to what his father thinks is the best for him, and then there is the understanding of the father for the boy,—a father who had forgotten that he ever was a boy and the picture ends with the son believing that his father is the best sport of all.

A great show for the boys, it is even better for the fathers, for there is no doubt that some fathers have forgotten that they too once were boys.

'DESERT VENGEANCE' OPENS AT WALKER'S

Buck Jones, who plays the stellar role in "Desert Vengeance," Columbia's all-talking Western due at Walker's State today has a new recipe for keeping domestci peace. It's this—he lets his wife beat him at bridge. At least that's what he says. But Mrs. Jones tells another story. She says that he doesn't "let" her do it.

She agrees, however, that her husband is the most daring horseman alive and says his feats in "Desert Vengeance" made her shudder. She thinks that the strong supporting cost in this picture which includes Barbara Bedford, Buck Connere, Ed Brady and others is one of the best that her husband ever had.

There May be Poison in YOUR Bowels!

STEP out tomorrow morning with the fresh buoyancy and briskness that comes from a clean intestinal tract. Syrup Pepsin—a doctor's prescription for the bowels—will help you do this. This compound of fresh laxative herbs, pure pepsin and other pure ingredients will clean you out thoroughly—without griping, sickening or discomfort.

Poisons absorbed into the system form souring waste in the bowels, cause that dull, headachy, sluggish, bilious condition; coat the tongue; foul the breath; sap energy, strength and nerve-force. A little of Dr. Caldwell's Syrup Pepsin will clear up trouble like that, gently, harmlessly, in a hurry. The difference it will make in your feelings over night will prove its merit to you.

Dr. Caldwell studied bowel troubles for forty-seven years. This long experience enabled him to make his prescription just what men, women, old people and children need to make their bowels help themselves. Its natural, mild, thorough action and its pleasant taste commend it to everyone. That's why "Dr. Caldwell's Syrup Pepsin," as it is called, is the most popular laxative drugstores sell.

A CONFESSION and a TRIBUTE

HERE'S WHAT WE THINK OF "FATHER'S SON"

It will be recorded as one of the extraordinary screen achievements of 1931..by your verdict! . . It intimately brings a story to warm your heart . . with a laugh, a sob of human sympathy . . a mirror of your own love . .

Frankly, before seeing this picture, we were afraid. But what a revelation it is! And that's why we depart from the usual form of advertising to tell you, sincerely, truthfully to expect a real treat. We stake our reputation and your good will and confidence in us, on its delightful story.

This is Booth Tarkington's story of glorious boyhood . . of motherhood . . fatherhood. A story for the whole family to wrap itself around your soul. You'll thank us for telling you to see

"MILLIE" FILM OPENS RUN AT FOX-BROADWAY

The struggle of the red-headed "Millie" to find a pair of male eyes capable of seeing past her beauty into the sincerity of her heart provides a fine dramatic structure for Radio Pictures' "Millie" which opened yesterday at the Fox Broadway theater.

Millie's story, although not unusual in life, is decidedly new screen material. It has been called "the drama of the right girl who met the wrong men" and it is just that.

Superb Dramatic Qualities

Adapted from the Donald Henderson Clarke novel of the same name, "Millie" has been transferred to the talking screen with fine dramatic results. It is marked by adept handling of a story which might have been predominantly sex and a cast which certainly deserves the word "super" when referring to distinguished performances.

Helen Twelvetrees as the fiery-haired heroine undoubtedly will be hailed throughout the country for her enactment of this role which requires the handling of so many varied emotions.

Brilliant Supporting Cast

Lilyan Tashman as the gold-digging "Helen" contributes several comedy scenes with Joan Blondell as the dumb girl friend, "Angie." The numerous "wrong men" who crossed "Millie's" path are James Hall as "Maitland," Robert Ames as "Tommy" and John Halliday as "Damier." Halliday ras a semi-villainous role he handles with a deftness which makes the part outstanding.

GARDEN GROVE

Miss Margaret Arrowsmith returned Sunday to her home in Eagle Rock after spending a week's vacation with Miss Dorothy Knapp.

Mr. and Mrs. T. C. Natland accompanied by C. U. Christensen, of Santa Ana, and Mr. and Mrs. M. Hansen and family, of Costa Mesa, were dinner guests Sunday in the home of Mrs. Natland's sister, Mrs. George Bracaw in Downey.

Mr. and Mrs. Charles Alexander, of Los Angeles, spent Sunday in the home of Mrs. A. F. Mills.

Mrs. L. L. Doig attended the monthly meeting and luncheon of Orange county conductresses at the home of Mrs. Jennie Shipe in Santa Ana Wednesday.

PANTRY SHELF

Climaxing a constantly increasing demand among Santa Ana housewives for Parfay, the new blended shortening, a two ton shipment of the product was delivered to local grocers yesterday. The big consignment of Parfay was loaded in Los Angeles yesterday morning and transported to Santa Ana by truck.

V. M. Ekdahl, general manager of the Swift & Company's Los Angeles Refinery, states that the splendid reception given the new product by Santa Ana housewives is merely a repetition of what has happened in all sections of Southern California.

Since its introduction last fall, Parfay has found a prominent place for itself in the kitchens of over 200,000 California housewives. Thousands of letters have been received from all parts of the state, expressing the unanimous opinion that Parfay, an entirely new type of shortening, makes available to the housewife many new features. It is a blended shortening which, according to scientific tests, and in the experience of domestic science experts, is unique. Among the qualities, which have been so highly praised, are the high smoke point; the bland and neutral flavor; purity; keeping qualities; easy creaming for cake making, and its quality of making springy dough which is so important in turning out tender, flaky pastry.

"California women are known for their discriminating use of modern products in the home," declared Mr. Ekdahl, "and their reception of Parfay has been gratifying to the executives of Swift & Company, particularly in view of the fact that Parfay was only introduced after four years of experimental work in their laboratories."

Parfay is being featured this week in Santa Ana by the following grocers and meat markets: Alpha Beta stores, California Food store, Peeks market, Joe Peterson's, J. W. Dill, Tom Broderick, Ranch market, La Estrella, Broadway Meat market, Richardson's grocery, Eaton bakery, Modern market.

HONEY NUT BROWNIES

2 eggs
½ cup Honey
2 ounces chocolate
¼ cup butter
½ cup sugar
½ cup flour (sifted with ¼ teaspoonful baking powder)
1 cup chopped nuts.

Butter and chocolate should be melted together, then add honey, then flour and baking powder, then nuts. Bake 45 minutes in a slow oven. For immediate use it is better to use ½ sugar and ½ honey. Cut in strips about ½ inch wide and 2 inches long.

To pack away in jar, use all honey instead of part sugar, and do not use until after two weeks. Roll strips in powdered sugar before packing.

HONEY OATMEAL DROP COOKIES

2 cups flour
2 cups oatmeal
1 cup seedless raisins
1 cup honey
½ cup sugar
1 teaspoonful vanilla
½ cup shortening
1¼ cups sweet milk
¼ teaspoonful soda
¼ teaspoonful salt
2 level teaspoonsful of baking powder
1 cup nut meats

Cream butter, honey and sugar together thoroughly; then add milk, mix well. Sift flour once before measuring; then add flour sifted at least twice together with the baking powder, soda and salt. Add next the oatmeal and nuts mixed together; chopped raisins and lastly the vanilla. Drop from a spoon on a greased shallow baking pan about an inch and a half apart. Bake 20 minutes in hot oven.

HONEY-MILK PUNCH

Put one cube cracked ice in malted milk shaker. Add 1 cup milk and two tablespoons honey, shake well till milk is thoroughly chilled. Add juice of one-half lemon and shake again. One dip of ice cream may be used in place of cracked ice if desired.

HONEY EGG NOG

Beat 1 or 2 eggs with rotary egg beater until very light. Add 2 to 4 tablespoons honey depending on sweetness desired. Add to 1 quart of milk, mix well and drink as desired.

HONEY ICED CHOCOLATE

Blend 2 teaspoonfuls cocoa with 3 tablespoonfuls honey. Let 1 cup milk come to boiling point. Remove scalded milk from fire, add honey and cocoa mixture and pinch of salt. Stir well. Pour this mixture in iced tea glass filled with cracked ice. Top with whipped cream.

MAKE Strawberry Jam IN 12 MINUTES!

Mrs. B. G. Fearnow, winner of 12 prizes, including 8 firsts at the 1930 Virginia State Fair, never took a prize with her jams and jellies until last year. "I used Certo for the first time last year. It made me a State Fair Winner"!

Follow this amazing short-boil way that reduces actual boiling time to one minute. Saves 2½¢ on every glass you make. Gives better tasting jam. Plenty of good fruit now on the market.

STRAWBERRY JAM . . . . delicious tasting, flavorful strawberry jam . . . made in less than 12 minutes! This is the season to make it.

Impossible as it seems, any woman can accomplish this now—no matter how limited her jam-making experience may have been. Certo and the Certo recipes make this magic possible!

With Certo, you see, only one minute's boiling is required. A few minutes to bring to a boil, add Certo, boil one minute . . . and your jam is done. In 12 minutes it is child's play to have it cooling in the window.

Because of the one-minute boil no fruit juice boils away! As a result you usually get half again more glasses from the same amount of fruit. Often you save 2½¢ on every glass.

And Certo eliminates the chance of costly failures. If you follow directions, your jam will have a fuller flavor and a daintier texture than you've ever known before.

Put up strawberry jam. Put up strawberry jelly, too. With Certo it is easy.

Certo is a pure fruit product—a concentrated fruit pectin. And pectin, you know, is the substance in fruits which makes jelly "jell." Certo is a product of General Foods Corporation. At all grocers.

Under the Certo label you will find 93 recipes. Each has been carefully worked out for use with Certo. Please remember that in making jam and jelly every fruit is different. No one recipe can be made to fit them all. That is why we developed definite *scientific* recipes for each fruit. These 93 recipes are your absolute guarantee of perfect jams and jellies with *any* fruit you care to use.

Here is a real honest-to-goodness substantial hot sandwich! Men are particularly fond of it, and it makes an excellent dish for Sunday-night supper.

Golden West Sandwich

Butter a slice of bread from which the crusts have been removed. Place a slice of American cheese over this and over the piece of cheese place a thin slice of boiled ham. Add a second slice of cheese and then a second slice of bread, prepared the same as the first slice. Slightly beat one egg, add four tablespoons of milk and beat together. Lift the sandwich into this batter, then turn and dip other side into batter. Melt some shortening in a frying pan and in it brown the sandwich to a golden color. Serve on hot plate and garnish with a slice of tomato or a pickle. More than one sandwich may be browned at a time.

SAFEWAY HOMEMAKERS' BUREAU
most cordially invites you to write for any information you desire, be it a recipe, a budget, or a party planned. Simply enclose a self addressed stamped envelope with your request to Julia Lee Wright—Safeway Homemakers' Bureau, Care of Safeway Stores, P.O. Box 774, Oakland, California.

WATCH THESE DANGER SIGNALS!

HEADACHES, dizziness, coated tongue, loss of appetite, lack of energy, a general feeling of "blues"—these are the most frequent danger signals of constipation.

Look out for them. Don't let them make your life miserable. Start tomorrow eating Kellogg's ALL-BRAN—a delicious ready-to-eat cereal. As pleasant as it is healthful. What a relief it will be after taking unnatural, habit-forming pills and drugs.

Two tablespoonfuls of ALL-BRAN daily are guaranteed to prevent and relieve both temporary and recurring constipation. In severe cases, eat it three times daily.

Milk or cream brings out the delightful nut-like taste of Kellogg's ALL-BRAN. And with milk or cream, important vitamins are furnished. ALL-BRAN is equally tempting with fruits or honey. Sprinkle it over other cereals.

Use it in cooking—for making delicious bran muffins, breads, in omelets, etc. ALL-BRAN also has iron, the builder of good, rich, red blood. At all grocers in the famous red-and-green package. Made by Kellogg in Battle Creek. *The original All-Bran.*

The Westinghouse COLUMAIRE

A Full-Size, Full-Tone Radio That Takes Only One Square Foot of Floor Space

Not Just a New Set . . . Not Just a New Idea . . . But a Whole New Trend in Radio Design . . . All Through a New and Exclusive Principle of Construction.

A FIVE-FOOT Column of Air! What is mysterious, what is magical about that? Nothing! And yet...through a five-foot column of air, Westinghouse engineers have vastly improved radio performance...and given radio an entirely new dress! The result of their labors is the "Columaire"—newest Westinghouse Radio. But more radical than all this is the entirely new appearance it gives to radio!

An electric clock makes it a dual-use instrument. Controls and dials are located at the side, out of sight... the speaker concealed in the top.

2200 FANS ATTEND DELHI FIGHT CARD

(Continued from Page 12)

ment of distance was terrible to behold and when Chavez gradually wore himself out with misspent punches, Rivers swarmed over him and scored time after time without a semblance of a return.

It was Rivers all the way after the fifth, and the crowd could hardly believe what it saw when Berrigan, who officiated well enough otherwise, raised the hands of both boys, indicating a draw.

"Wild Man" Macias, who probably will be matched with Rivers on the strength of the Indian's showing, encountered some unexpected trouble in Frankie Stevens, an Eastern welterweight. Macias had all he could handle and was glad when it was over and he had the decision. Stevens outboxed the bulky Los Alamitos Mexican, showing amazing ability at dodging and sidestepping Macias' rushes, but was no match for Macias at close quarters. The "Wild Man" was strong and aggressive, and in good shape too, and eventually exhausted Stevens. Until the sixth round there wasn't much to choose between them.

Bobby O'Hara started slowly but finished with a rush to defeat Eddie Lozano decisively. Lozano tried hard and made a real fight of it.

Tony Moreno knocked Kid Bond out of the ring in the third round and eventually won the decision, taking all four rounds.

Wally Fraser, once a Delhi main-eventer, stopped Al Stanley in the third round of the curtain-raiser.

Cards, Bears Play Second Ball Game

STANFORD UNIVERSITY, April 10.—Baseball teams of Stanford and California meet here tomorrow in the second game of their annual series. The Indians took the opening contest at Berkeley last week, 3-2.

Dan Johnson, the Cardinals' sensational sophomore hurdler, who held the Bears to six safeties in the first game and has been beaten but once this season, will again face Norm Horner, star California pitcher, who had never lost a contest to the Redskins prior to last week.

"Y" GROUP MEETS

BREA, April 10.—Mrs. T. P. Wallace, chairman of the Brea council of the Y. M. C. A. of northern Orange county, was hostess to the group Tuesday afternoon at her home on South Seivers street.

CHICAGO BD. OF TRADE

CHICAGO, April 10.—(UP)—Active short covering ran wheat up to a new high for the day just before the close on the Board of Trade after the bearish government report had kept prices lower from the start, reaching the bottom in the late trading when presure increased. A liquidating corn market was a factor in the heaviness of wheat. Corn had a good bulke early which encouraged selling and prices went to new lows for the season, being nearly two cents lower at one time. Rallies were weak and ineffectly until the closing rise in wheat which carried corn upward. Oatsw ere unsettled but relatively strong owing to the good cash demand.

At the opening wheat was ⅝ to ¾c higher with May unchanged, corn was ¼ to ⅝c higher and oats were unchanged to ⅝c higher. Provisions were easy.

PACKARD

People have come to believe what we know so well—namely, that a good used Packard thoroughly reconditioned and properly represented is a better car to buy and own than a new car costing as much. Why not save the big depreciation that comes to a new car and investigate the following cars:

STATEMENT MADE NECESSARY

The Register has endeavored not to enter into the city campaign from an editorial standpoint, but it does seem, owing to misrepresentations and falsifying of men, and things being said for political and personal purposes, that we must speak and speak frankly.

It has endeavored to play fair in permitting the presentation of news and statements from all people and all shades of opinion into its news columns, without consideration of whether it agreed or disagreed with the statements that were made.

The Register feels it owes it to itself and to the citizens of Santa Ana to state that after a thorough survey with the full knowledge of the facts concerning the actions of the city council before it, it disagrees with the effort of any group to attempt to arouse the public as a body against the city council as a group or against them individually. Only three are running in any case.

In times of depression, it is extremely easy to arouse the sentiment of folks against men in public office, for it is very natural for the average citizen, who is having more or less of a hard time of it to take it out on office holders. But we have failed to see in any particular where the city council has added to the burdens of our taxpayers at any particular point where other men similarly situated, might not have done the same thing. There has been a difference in judgment, but only one place very seriously, and that was in relation to the Santa Ana boulevard. There has not been one word of suspicion against any members of the council in point of honor or integrity. And we are not attempting to urge the voters to vote for them as against any other people. In other words, we don't believe in mass attacks.

We are simply insisting that the attempt to make them responsible for burdens which we are all bearing in this troublesome business time, is no part of broadmindedness. Other men may be running against them who are just as good, some may be better, but we urge the voters to weigh the individuals on their merits in the light of the facts, and not be stampeded either one way or the other. It is difficult enough to get good men to run for public office without placing them under any handicap whatever when they have made as good a record as these men have.

The same is true as far as we know concerning the whole city group. The Register has come out for one candidate against one of the office holders, but it wants to frankly say the same concerning this office holder, that there is nothing against him; that he has performed his services well, as far as we know, and that nothing which The Register has said should be construed to mean anything else.

In respect to the school board, we believe the facts have been pretty well presented to the people of the city from various sources, and they are well informed on them. If they desire a continuation of the present school board's activities, of course they will vote for the members of the board, plus such other new men as they believe to be in closest harmony with the Board. On the other hand, if they believe the Board and any one in agreement with them should be eliminated, they will vote for those candidates who are opposed.

However, The Register does believe that regardless of all other things in respect to the school board, that a woman member should be selected. The present member, Margarete E. Baker, is a woman of very unusual ability. She has not been a member of the board long enough to have been a factor in any policy or disagreements in the Board. She deserves the support of all people regardless of attitudes on other things. A woman, a mother, trained for service, is a distinct asset to any school board. Mrs. Baker fulfills these qualifications.

CLEAN UP WEEK

Annually ,for the last several years, the Santa Ana Chamber of Commerce has sponsored a "Clean-up and Paint-up" movement for community betterment which has been energetically supported by all forward looking citizens.

This year the Clean Up Campaign is being sponsored and carried on by the 20-30 club.

The movement back of this campaign is twofold; first, to create a spirit of cleanliness, which promotes health and civic pride and at the same time create work for a number of the unemployed of our city.

Santa Ana's "Clean-up and Paint-up" movement is in tune with the times. President Hoover, government departments and national business organizations are urging that special emphasis be laid upon rehabilitation of property to meet current economic conditions. Julius Barnes, chairman of the National Survey Conference, issued a bulletin from Washington a short time ago, calling upon business organizations to immediately promote "repairs, maintenance, cleanup, general betterments, improvements, requirements and replacements."

The former "Clean-up and Paint-up" campaigns conducted in Santa Ana have resulted in many advantages to the community, such as safe-guarding health, promoting thrift, furthering fire prevention, stimulating civic pride, and making Santa Ana an enviable community of beautifully kept homes, fine parkways and delightful streets.

Let's keep Santa Ana on her high pedestal by co-operating with the 20-30 club activities in cleaning up the city this year.

DIET AGAIN

Dr. Filippo Tommaso Marinetti, who founded the futurist conception of literature and the plastic arts in 1908, has turned his attention to food. In a "manifesto on the futurist kitchen" he advocates the total reform of cooking. It has probably caused considerable furor in Italy for in the manifesto he says that spaghetti and macaroni must be abolished. Not only does Dr. Marinetti direct his attention to the food of the future, as it should be, but also to the table manners. "Knives and forks are to be abolished," he says, "to that the diner will have the pleasure of exercising his sense of touch before tasting." At the perfect dinners, which he contemplates, there will be on the table ten to twenty different flavors to be tasted in a few seconds.

An army fights on its stomach, it is said. Back of Dr. Marinetti's manifesto evidently is patriotism and harmony with bellicose Mussolini. He argues, in the manifesto that people think, dress and act in accordance with what they drink and eat and that it is necessary to make Italian bodies nimble because in the next war victory will go to the nimble. Dr. Marinetti, it seems, has discovered that spaghetti and macaroni develop skepticism. Could the Italian government ask more of a people than that they give up their spaghetti and macaroni?

Yet the doctor probably isn't so far off in his theory that these two starches produce skepticism for when the digestive system is in a sluggish state one is phlegmatic and it follows that one is rather doubtful of ones ability to accomplish this thing or that, particularly scaling the Dolomites.

BEWARE LATE STATEMENTS

The public should be warned against eleventh-hour canards. Attempts are often made to shock and destroy public confidence in the last hours of the campaign which they dare not print earlier because either they are entirely false or are subject to explanation and reply.

The Register will not permit, either in its news columns or advertising columns tomorrow, any matter of this character. We believe the justification of this on the very surface of it will appeal to the voters of the city. If it appears by circular or otherwise, we believe that the people will see the unfairness of such an attitude, and will not be deceived by such matter or changed in their attitude in regard to issues or people.

What Will Be Abolished Next?

Christian Science Monitor

"Why are all your nice vests collected in a row in the clothes closet?" queried the lady of the house one day just as Hubby prepared to make his 7:34 dash for the commuters' special to the city.

"Because you can give all of 'em to the neighbors, or send 'em to the carpet factory," quickly declared the owner. "I'm the president, board of trustees, and general manager of the Amalgamated Anti-Vest Society. I've absolutely finished wearing vests."

The lady of the house started to remonstrate, then thought better of it—for resolution shone brightly in the eyes of this new champion of simplified styles in men's attire. She went back to the clothes closet and scrutinized five drooping reminders of an era when a vest—the British waistcoat—completed the ensemble of the well-dressed gentleman.

The movement to abolish the binding vest grows apace, if clothiers who offer substitutes of wide satin sashes are to be believed. The indictment of those who would promote a vestless world runs somewhat as follows: The vest may have had some useful function in the days when a man delighted to display a pretentious assortment of pencils, fountain pen and rubber comb, so that the proud possessor looked like a perambulating pipe organ, but these symbols of a busy life may now be transferred to the outside pocket of the coat. The trusty watch, once parked in a tight vestibule, now ticks out the hours from a leather throng encircling the wrist, so that there is really no work for a self-respecting waistcoast to do except collect stubs of theater tickets. Now who will rise to defend the vest?

Talkless Dinners As a Stimulus to Business

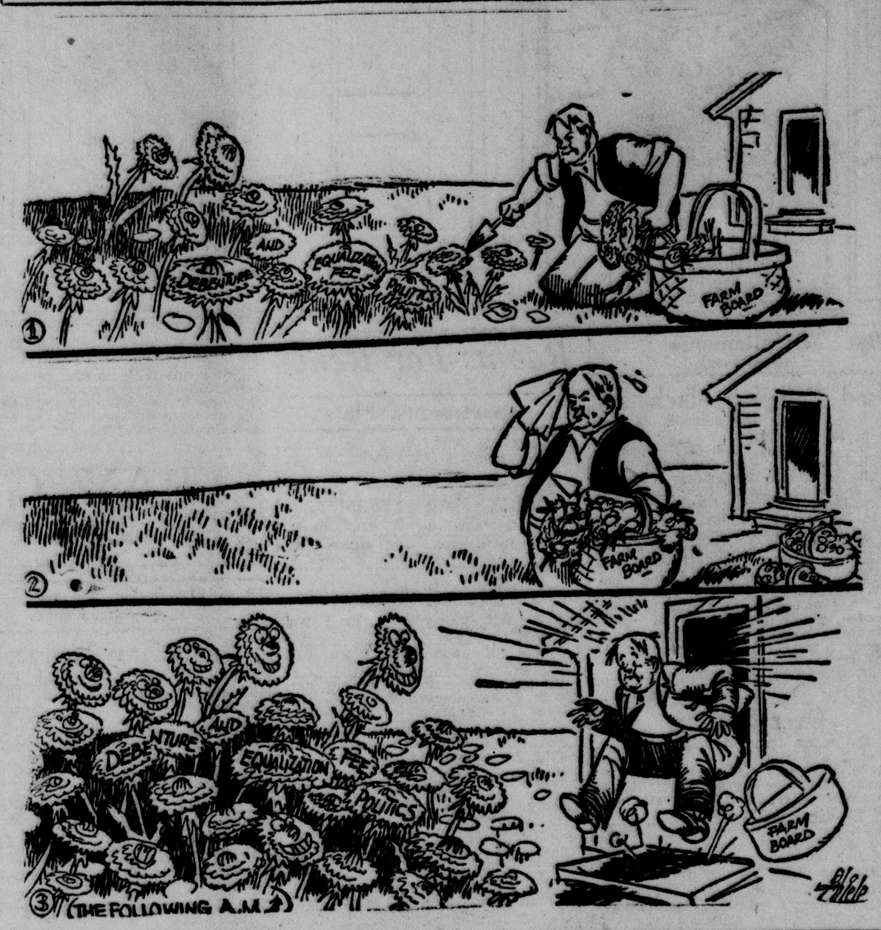

San Francisco Chronicle

Now Ambassador Dawes has startled the diplomatic world with a proposal for speechless dinners. This is almost as radical and almost as meritorious as his suggestion to change the Senate rule so that a minority of one could not hold up the Nation's business by pointless talk.

There is another phase to this question of speechless dinners. Any economist who would try could make a graph showing that with the rising line of talk at dinners there has been a falling line of the Nation's food consumption. To increase consumption and do away with the surplus, cut out the talk.

General Dawes is nominated to make the graph.

Great Life If You Don't Weaken!

More Truth Than Poetry

By James J. Montague

FALSE ALARM

As a child I was frequently told
To avoid all the paper-clad books,
Which dealt with the bad days of old
And the doing of bandits and crooks.
My parents insisted that tales of this kind
Would warp adolescent ambition,
And sow evil seeds in my infantile mind
That would hurry me on to perdition.

So these volumes I constantly read,
And at ten I was filled with low aims;
I would lie of a night in my bed
And envy the great Jesse James.
At school I would mingle with very bad boys
And cheerfully offer to barter
My sled or my top or a few treasured toys
For the glorious yarns of Nick Carter.

Such books I perused many years
(As a matter of fact, I still do)
And my troubled progenitors' fears
Have not—to the present—come true.
I have revelled in stories of carnage and crime
For more than the half of a century,
And have not been arrested or spent any time
In a U. S. or state penitentiary.

So today when I hear that a lad,
Whose taste for the "talkies" is strong,
Is certain to go to the bad
And be sent to a cell before long,
His future, when grown to the state of a man,
With small trepidation I dwell on
The wild-Westest pictures he ever can scan
Are not likely to make him a felon.

Karl Marx and Henry Ford

Karl Marx is a paradox. Born to wealth, influence, and social position, and highly educated in great universities, he used a mighty mind and a wretched poverty to prove that wage-earners are inevitably crushed by capitalism.

Henry Ford is also a paradox. Born of a middle-class family, self-educated, and now possessed of the greatest fortune which any man, ever earned by his own efforts, he uses his money and his mind to demonstrate that poverty can be abolished under capitalism.

The differences between these two great leaders and the likeness of their aims are well set forth by Howard Dozier in the "Atlantic Monthly." Marx was a leader of thought. Ford is a leader of action. Marx was an economic diagnostician. Ford is an economic practitioner.

"The ruling class is unfit to rule," said Marx, "because it holds out to its slave no hope but to sink deeper and deeper into poverty."

"The abolition of poverty," says Ford, "is the only legitimate purpose of business."

Marx contended that capitalism is a labor-robbing scheme; it will destroy tiself because it refuses to give the laborer enough wages to buy the product of his labor.

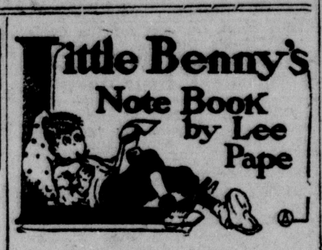

Long ago, Ford thumbed his nose at his fellow-capitalists and established a minimum wage of five dollars. "The only effective wage policy," he said, "is one that presses forward toward higher wages, lower costs, and lower prices."

Now, for the first time, capital joins with labor in demanding high wages. The accepted economics of this business depression runs straight and obviously to Marxian philosophy and Ford practice. Industrial leaders at this very moment are looking to pay envelopes, rather than to profits, to pull the country out of its morass.

"One blinks, rubs his eyes, and is in doubt whether he should measure Ford by Marx, or Marx by Ford."

The first general orders issued by City Marshal Jernigan to police officers since the approval of war resolution by congress were posted today, and officers are directed to keep a close watch on places where dynamite or other explosives may be placed with intent to do damage.

Mrs. Robert J. Brown of 925 East Chestnut avenue, gave a Day Nursery tea Thursday afternoon.

Thoughts On Modern Life

THE MAGIC OF DEAD WORDS

America is ruled less by living men than by dead words!

I am not sure but that a good case could be made for the contention that words are more important than deeds.

Now and then some great leader fashions a word or flings off a phrase that walks up and down in the hearts of men, and history turns in a new direction.

The distilled essence of a prophetic insight is caught in a slogan that stirs mankind to high dreams and heroic deeds.

There is hardly a decisive epoch in history that has not made some word or phrase the rallying point for those great loyalties into which men have poured their emotions and their energies.

If words would only lose their magic when they lose their meaning!

But words have a way of remaining magical long after the soul of meaning has left their alphabetic bodies.

What you are, Emerson once said, speaks so loud I cannot hear what you say.

Were Emerson to revisit us now, he might reverse his notable aphorism and tell us that what we say is sepaking so loud it is difficult to hear what we are.

For we are victimized by the magic of dead words.

Last week I wrote of individualism.

Here is a dead word that still maintains a magical hold upon men's minds. Almost all that the word individualism once meant to our fathers has become quite impossible in this technical and complicated age, but it still binds men to current realities.

Democracy!
Equality!
Self-determination!
Capitalism!
Representative government!

Of much that these words once meant to men little but the shadow remains, and yet these words set in men's minds stubborn patterns of thought that exclude a whole array of new facts and new considerations that must be taken into account if we are to stabilize and salvage Western civilization.

If some Lincoln of the spirit could but emancipate us from the magic of dead words!

OUR CHILDREN

By ANGELO PATRI

SKIP IT

One of the laws of habit formation is: Never skip an occasion for practicing the habit you wish to form. That law must not be overlooked when we are trying to establish a good habit in a child's mind. But everything we call upon a child to do is not with the habit forming idea exactly.

Consider the matter of food. The habit of eating with strict regularity must be established without a break. That is a habit we wish the child to acquire well down in his backbone. But that does not mean he is to eat the same thing at the same hour every day. Far from it. Imagine your feelings if that were imposed upon you and you were obliged to eat corn-meal every day at eleven o'clock, like it or not, because someone who loved you thought it would do you good.

Many an unfortunate child has just such an experience. The doctor says, "Give him orange juice." Maybe he says, "Give him tomato juice," or perhaps it is spinach. Well and good. You need not rub it in. Be content to serve the prescribed dish often enough to effect your purpose, and seldom enough to allow the child to get a good perspective on it. Many a child has turned from this much needed stimulant because it was too much with him.

Do a little judicious skipping now and then. There is no reason why a healthy child should not have a variety of vegetables, a variety if fruit. Here in America there is the best assortment of green foods and delicious fruit that is to be found in the world. There is no excuse for sickening the children with an unvaried, monotonous menu. And when the vegetable or the juice comes round in its turn, vary it in form and service exactly as you would wish it varied and changed for you.

There are a few children who cannot tolerate certain foods. Their dislike is so marked and the results of forcing them so startling, that the physician is called in for advice. Those children do not concern us here. They must have a special diet and treatment under expert supervision. The runabout children whose appetites are keen, or ought to be, are the ones we want to feed on schedule, with a varied and interesting menu. When they rebel against their food it is with a reason, one easy to find—surfeit.

Keep the food simple. Serve it attractively. Change the menu from day to day. Just because spinach is good food is no reason why it should be served every day in the week the year round. Change off to other greens, to lettuce, to young cabbage, served with French dressing made of lemon juice rather than vinegar. Use water cress for sandwiches, and do not despise the onion.

You can establish a habit of eating regularly by being careful NOT to allow your menu to become a fixed habit. The positive and negative here will make the practice of eating cheerfully, work wonderfully.
